ARMED FORCES MEDICAL LIBRARY

"THE ARISTON," 55TH ST. & BROADWAY, NEW YORK, Jan. 26th, 1892.

I am taking your Geneva Mineral Water regularly now and don't think I have drank a whole glass of any other water since I have been in New York. My Liver is working all right once more and I have been in excellent health for some time and hope to continue so. All due to the Water.

With best wishes,

Yours very truly,

W. H. CRANE.

MOSCONOMO HOUSE, MANCHESTER, BY THE SEA, June 10, 1891.

Please send me at once, per express, another case of your Geneva Mineral Water. I find it very valuable.

Yours truly,

AGNES BOOTH.

BELLEVUE HOTEL, PHILADELPHIA, Oct. 26, 1893.

Your liberal present has been received and I beg to thank you for your thoughtful courtesy. I am a great believer in Geneva Water. I can assure in it I will drink your health as well as my own.

Faithfully yours,

J. JEFFERSON.

HOTEL EMERY, CINCINNATI, OHIO, Dec. 19th, 1891.

I cannot leave the city without thanking you for the great relief that I have experienced from drinking copiously of your valuable Geneva Mineral Water. It has restored my liver from a torpid condition to its normal activity, and I find that all my vital functions are remarkably improved. I feel twenty years younger. It is without doubt the finest Water known, and for diseases of the kidneys is invaluable.

Yours sincerely,

HARRY EYTINGE.

NEW YORK, Feb. 27, 1892.

By advice of a friend I have used your Geneva Mineral Water, and I have experienced from its use very beneficial results. It is a pleasant table water, sparkling and refreshing, and induces most refreshing slumber when taken at night.

Yours truly,

TONY PASTOR.

KATIE EMMETT'S "WAIFS OF NEW YORK" CO.

NEW YORK, March 4, 1892.

My family and self have been using for some time the Geneva Mineral Water and have found it to be the best remedy that I have ever met with for Dyspepsia and Stomach Troubles, and under no circumstances would I be without it.

Respectfully yours,

GEORGE W. THOMPSON.

ADDRESSED TO THE PUBLIC.

• • • •

IF you would know the opinion of Physicians and what they prescribe the Geneva Mineral Water for, read the article entitled "What the Physicians say of Geneva Mineral Water."

If you would know what diseases this water *has* cured, read the testimonials herewith presented and inquire at our office for others.

If you would know what it *ought* to cure, and *why* it does cure the diseases for which we recommend it, read the article entitled "Materia Medica of Geneva Mineral Water."

If you would know whether manufactured waters are preferable to natural waters, read the discussion on that subject and decide for yourself.

If you would know whether soft and distilled waters are more wholesome to drink than mineral waters, read what we have to say under that head and let reason decide.

If you would know more about Lithia, read the explanation.

You are invited to call at our office and test the water free of charge.

We deliver the water anywhere in the city and suburbs at our own expense.

ADDRESSED TO PHYSICIANS.

WITH a feeling of genuine appreciation, we hereby acknowledge our obligations for the very liberal support we have ever received at the hands of physicians. Indeed, a very large per cent. of our patronage comes to us through the prescription and recommendation of physicians. We make this acknowledgement, not only with thankfulness, but with a feeling of just and reasonable pride. The logical sequence is that physicians have confidence in the medicinal merits of Geneva Mineral Water, and who are more competent to judge? Many physicians prescribe it quite liberally and with very satisfactory results, both to themselves and their patients. We would be glad to afford any reputable physician not acquainted with it, an opportunity to test it. We would most especially invite the attention of all physicians to the analysis of the water and to the discussion of its therapeutic properties and possibilities under the head, "Materia Medica of Geneva Mineral Water." We have presented there, what seems to us to be the scientific indications of what the water ought to do. We request that you file this book away and read said article at your leisure.

The antitoxic and eliminating properties of Geneva Mineral Water render it applicable to a great many diseases to which human flesh is heir, and if the testimony of those who have used it may be considered competent, it has cured :

Insomnia, Incipient Brights' Disease, Diabetes, Kidney Troubles, Indigestion, Nervous Dyspepsia, Nervous Debility, Sick Headache, Fistula, Piles, Constipation, Gravel, Lumbago, Rheumatism, Neuralgia, Catarrh of the Bowels, Liver Difficulties, Eczema, Salt Rheum, Hives, Inflammation of the Bladder, Paralysis, etc.

For suggestions as to the diseases it ought to cure and for the reasons why it should cure the above diseases, read carefully the article entitled "Materia Medica of Geneva Mineral Water."

HISTORIC SKETCH

GENEVA MINERAL WATER is obtained from an artesian well at Geneva, New York. The well is over eight hundred feet deep, and was bored in 1886 in quest of natural gas. Though the object sought was not attained, yet the effort was rewarded by a far more valuable find. Instead of deadly, poisonous gas, a bounteous flow of health-preserving, health-restoring liquid treasure, responded to the ponderous strokes of the well-borer's drill, and in lavish generosity repaid the outlay with a constant overflow of 350,000 gallons per day.

Issuing from a stratum of pervious rock, defined by a superincumbent layer of Medina stone sixty feet thick, and a deep substratum of hard slate, the water is forced up by an internal pressure of 120 pounds to the square inch, and if unimpeded at the surface would form a magnificent crystal fountain eighty feet in height.

How its Merits Were Made Known.

Even before any analysis of the water had been made, its therapeutic claims had become quite well established. Its curative qualities were first made manifest by mere casual experience. For instance one of the best known citizens of Geneva, while in the act of replenishing an oft depleted jug, had inadvertently, but repeatedly, submerged a hand long cramped by rheumatism; and was thus made cognizant of its healing virtues by mere accidental discovery. To his great surprise and gratification, he soon discovered that the rheumatism had disappeared, and that his hand was as supple and as free from pain as ever. This and many other experiences equally fortuitous and happy, began to attract attention and to encourage still others to try it for various ailments, who were also rewarded by the most gratifying results. Thus the well continued to grow in public favor, until it had ere long achieved quite an enviable local fame.

❧ LITHIA

ALTHOUGH lithia was discovered in 1817, its medicinal value was not, until more recent years, duly recognized by the medical profession. Only about thirty years ago Dr. Garrod brought it prominently to the attention of physicians. He recommended lithia salts for all diseases resulting from an abnormal uric acid Diathesis; and so effective did the treatment prove that the salts of lithia soon achieved great prominence in the materia medica of all progressive physicians.

Continue to Grow in Favor.

Lithia salts have continued to grow in medical favor until they are now prescribed by the intelligent physician as an anti-lithic with as much confidence as he would prescribe iron as a tonic or quinine as a febrifuge. However, though they are thus familiar to the practicing physician, we not unfrequently meet those of the public who know nothing about lithia. For the edification of such we will add a few further explanatory statements.

Explanation of What Lithia Is.

Lithia is oxygen combined with lithium, which is one of the chemical elements and the lightest solid body known. In other words, the oxide of lithium is the alkaline base which we call lithia and with which the acids unite to form lithia salts.

Uses of Lithia Salts.

These salts may be used for the general purposes of alkaline medication, and specifically for the purpose of eliminating lithic acid from the blood. Owing to the great solvent power which lithium carbonate has for uric acid, it is especially recommended for rheumatism, gout, kidney and bladder diseases, and all other morbid phenomena resulting from the same toxic condition of the system.

Presence in Geneva Mineral Water.

The presence of this salt in Geneva Mineral Water, reinforced by a most harmonious combination of associate elements, renders the water almost a specific for the above enumerated diseases. We do not lay stress on the lithia alone, but rely much upon the combination.

Other Important Salts.

Prominent in the combination, we have the sulphates of magnesium and sodium, which, in more common vernacular, are known as Epsom and Glauber salts. These salts give to the water quite a laxative effect on the bowels, while the sulphate of sodium, acting as it does upon the liver, renders the water a sovereign remedy for torpidity and biliousness.

PROPHYLACTIC AND THERAPEUTIC

THE Geneva Mineral Water is medicinal in a dual sense, relating, not only to the alleviation and cure, but also to the prevention of disease. Its hygienic claims are no less worthy than are its claims as a remedial agent. It is both prophylactic and therapeutic. In other words, if you will indulge the figure, it is, as it were, a shield with which the goddess Hygeia may guard the delectable temple of health ; and, at the same time, a weapon of combat in Esculapus' hand with which to expel the ravaging foe of disease when once he has invaded her sacred precincts.

One of the Purest of Waters.

Trimming the wings of fancy, lest we might soar too loftily in an imaginative flight, we desire to emphasize the fact that this is one of the purest waters in the world. We use the word purest in a qualified sense, since an absolutely pure water contains no foreign matter whatever. It is pure in the sense that it contains no trace of organic matter, or other noxious material to mar its wholesome effects. There is nothing in it out of harmony with the sanatory or hygienic requirements of either the sick or the well.

Extremely Palatable.

Notwithstanding this is quite a concentrated mineral water, it is, nevertheless, extremely palatable. There is nothing unsavory about it to offend even the most fastidious and sensitive palate. On the contrary, it seems to possess a characteristic tinge and flavor and a peculiar relish in comparison with which ordinary drinking waters appear lifeless and vapid to the taste. This is especially noticeable after one has become accustomed to drinking Geneva Mineral Water.

Good for the Sick and the Well.

We commend it, not only to the delicate and the sick, but also to the robust and the hale. It is balm to the sick and boon to the well. As a drinking water, there is none more grateful to the palate, nor more favorable to the restoration or the promotion of health.

For Table Use.

As a table water, there is none more elegant or wholesome. And we have many customers who buy it by the carboy and use it exclusively on their tables. We would especially recommend it as a table water to those whose voluptuous surroundings and epicurean proclivities prompt them to indulge in the luxuries of the table.

For Wine and Beer Drinkers.

More especially would we recommend it to those who are addicted to the use of much wine, or those who are in the daily habit of drinking malt liquors, those two most prolific causes of the gouty diathesis.

For Those Who Indulge in High Living.

Next to wine and beer drinking, perhaps the most fruitful cause of gout is feasting upon rich and dainty foods. Indeed, it has long been considered a disease of high life. The fact is well attested by common observation, and confirmed by the data of vital statistics, that, not only gout, but rheumatism, cystic disorders, renal diseases, and, in fine, the whole catalogue of maladies originating in uric acid diathesis, are quite peculiarly incident to high living. Indeed, this is but the natural sequence of over sumptuous eating. The digestive apparatus is over taxed and its functions are impeded. The aliment is not properly prepared and distributed, and hence mal-assimilation is the result. Following in the wake of these abnormal conditions, the uric acid diathesis obtains with its protean progeny of disease.

Opinion of Dr. E. J. Birmingham.

According to Dr. E. J. Birmingham, we must, in four cases out of five, look to abuses at the table for the source of these troubles, and the treatment should be directed to a correction of that condition of the general economy which produced them.

Geneva Mineral Water the Remedy.

This condition it is the province of Geneva Mineral Water to correct. The reasons upon which we base this assertion are thoroughly scientific. The water contains over 14 grains of lithium to the U. S. gallon, which by its great affinity for uric acid readily forms with it an easily soluble salt, and thus by its solvent and diuretic power eliminates

the uric acid from the system. It is, indeed, a most pronounced anti-lithic, and a most effective general neutralizer of the products of bad digestion and mal-assimilation. Using a somewhat obsolete term, it is a surfeit water for those who have pampered their appetites by excessive indulgence in tempting beverages, delicate viands and dainty regale.

Testimony of Dr. Jernegan.

In the language of Dr. H. M. Jernegan, late Professor in the Medical Department of the Boston University, "Lithia water is the water above all others for the man who lives well and drinks good wine." We would also refer in this connection to the testimonial of Dr. O. C. Snyder, of Chicago, in which he recommends Geneva Mineral Water as a table water, and to the testimony of Dr. Bacon, of Englewood, who recommends it as a table beverage.

Stimulates Digestion.

As a table water it stimulates the digestive organs into greater activity, keeps the bowels in a laxative and normal condition, and imparts tension and tone to the whole organism. Taken with the daily meals it is prophylactic against constipation, dyspepsia, gout, rheumatism and all the allied phenomena resulting from bad digestion. If your digestion is impaired try Geneva Mineral Water taken in connection with your meals.

Manufactured Waters . . .

THE NATURAL
versus
THE ARTIFICIAL.

IT is not our province nor our purpose to enhance the patronage of natural lithia waters by unduly disparaging the artificial preparations of lithia. On the contrary, we concede that gratifying results may be attained from the lithia of commerce pharmaceutically prepared; and that manufactured lithia waters may have medicinal value and, therefore, be entitled to favorable consideration when the genuine natural water can not be obtained. We would not prejudice the therapeutic claims of lithia in any of its more suitable forms. But we are ever ready to join in a *Te Deum* for this priceless boon to health, whether it be obtained from natural water or extracted from the solid rock. We are ever ready to vociferate the praises of that great benefactor and chemist who first broke up the petalite and gave to the world this panacea for its aches and pains.

Nature's Prescriptions are the Best.

Though we are thus appreciative of the gifts of God and the achievements of man, yet we would most earnestly maintain that nature's prescriptions are incomparably superior to the most mature and perfect productions of science and art.

Man May Imitate but Nature is Inimitable.

Man may have dexterity and adroitness, directed by the highest order of finite intelligence; but nature has that transcendent and unapproachable skill born of infinite intelligence and creative wisdom. Human effort and human progress has, doubtless, accomplished much in the realm of medical art; and yet "Mother Nature" is the only perfect apothecary in the service of Adam's race. The products of her laboratory are too subtle and too refined to be imitated by the utmost attainments of human endeavor

Illustrations.

For instance, it is said, that the manufacturing chemist has produced an artificial quinine by a synthetic process which is so perfect that analytic chemists have declared the artificial to be isomeric with the genuine; and yet physicians have found it lacking in the essential therapeutic characteristics of true quinine when tested at the bedside. Nature's potent impress was lacking. Again, man may be able to analyze a grain of wheat, and to determine the elements of which it is composed; but only nature can master the synthetic art by which from the self same elements the live grain was formed. Man can not infuse into it the germ of life.

Application of foregoing Illustrations.

These illustrations are apropos. Though a lithia water might be synthetically produced which would so perfectly imitate the Geneva Lithia as to deceive the most astute chemist; yet it would lack that hidden quality, that secret power, that occult life giving principle whose effects are so obvious and yet the nature and relation of whose productive agencies can not possibly be determined. It would lack nature's true impress for which there can be no substitute.

Statements from Sir Henry Thompson.

We are supported in our position by Sir Henry Thompson, of England, who is perhaps the greatest pelvic surgeon in the world. He is the author of a treatise on "Practical Lithotomy and Lithotrixy," and is Royal Surgeon to the King of the Belgians. Sir Henry in a lecture stated that there is a peculiar potency about natural mineral waters which can not be imitated. He said you may take any natural mineral water of known therapeutic properties, and by distillation and recondensation separate the liquid from the solid, and then analyze the residue into its ultimate component parts, and, though you might unite by chemical combination the identical elements, you could never restore the water to its original integrity. You can not restore its medicinal value. It is not in the power of man to compensate that secret impress which nature alone can bestow and which gives to these waters their healing efficacy. They either contain some powerful remedy which can not be discovered, or else their elements are so delicately poised in nature's laboratory that it is beyond the scientific ken of the most eminent chemists to discover the secret of their power.

Dr. Hammond's Experience.

Dr. Hammond, of Washington, D. C., Surgeon General, U. S. Army, (retired), testifies that he gets better results from natural lithia water than he does from any extemporaneous solution or pharmaceutical compound of lithium; and that the water does not produce that gastric irritation so often caused by the manufactured article.

Additional Suggestions.

The manufactured lithia may be adulterated or may never have been chemically pure. All these uncertainties must obtain in manufactured lithia water. Moreover, official assayers have demonstrated that natural lithia water has at least four times as great solvent power as any manufactured water in proportion to the amount of lithia contained.

Make Sure of the Best.

It you would use lithia in its most reliable and grateful form drink natural lithia water. Take it in its purity as it comes from the hand of the Great Alchemist. Drink Geneva Mineral Water which contains nearly twice as much lithia per gallon as any other natural lithia water, and also contains a finer combination of associate mineral ingredients, as reference to the comparative analyses will show.

SOFT AND DISTILLED WATER

NOT WHOLESOME DRINKING WATER

THOUGH soft and distilled waters have their legitimate uses, yet they are not suitable for drinking purposes, the claims of the venders of such waters to the contrary notwithstanding. In the first place, very soft or distilled waters from their insipidity seem very ill-flavored in comparison with any of the more pungent and palatable of the mineral waters. A moderate quantity of mineral salts gives to drinking water a sweetness and relish which is very desirable. And we opine that this relish for the mineral flavors in water is nature's suggestion of the appropriate, or nature's method of assuring us that mineral water is wholesome.

Opinion of French Authorities.

The French authorities are so thoroughly satisfied of the superior salubrity of the mineral waters, that they go far beyond the soft waters of the sandy plains near Paris to the chalk-hills of Champagne, where they obtain water which contains more than a hundred grains of mineral matter per gallon. They give as a reason for their preference that more of the conscripts from the soft water districts are rejected on account of the lack of muscular strength than from those districts where the water is impregnated with larger quantities of the mineral salts. They conclude from these facts, and quite logically, that mineral matter in the water we drink is favorable to the formation of vital tissues.

Statistical Proof.

The same position is maintained by some of the most distinguished authorities of England, where the subject of water supply for large cities has been most carefully studied. Dr. Letheby, medical health officer of London, examined the connection between the quantities of lime and magnesia contained in the water used by sixty-five Scotch and English cities, and their average rate of mortality. The following tabular statement shows the result of this investigation :

DR. LETHBRIDGE'S TABULAR REPORT.

NUMBER TOWNS.	GRAINS PER GAL.	AVERAGE GRAINS PER GAL.	DEATHS PER 1,000.
25	over 10	16	21.9
17	6 to 10	8	24.9
15	2 to 6	3.8	26.3
8	2 and under	1.3	28.5

These figures are significant. The less lime and magnesia in the water the more deaths per 1,000. These statistics indicate that health requires that the water we drink should contain at least a considerable of the calcium and magnesium salts. Therefore, the doctrine that the softer the water the more wholesome is untenable. The system requires sulphur for the albuminous substances; phosphorus for the brain; iron and sodium for the blood; potassium and lithium for the blood and muscles; calcium and magnesium for the bones and teeth, etc. And in what better form can they be taken than when in perfect solution in the water we drink? Geneva Mineral Water contains in perfect solution almost all the mineral elements found in the human organism. It is medicine for the sick and food and drink for the well.

• • • Materia Medica of Geneva • • •

• • • Mineral Water • • •

IN Shakespearean phrase, we might simply say, "Observation with experimental seal doth warrant the tenor of our book," and rest our claims upon empirical testimony alone. Indeed, the merits of this water have been so thoroughly proven by observation and experience that it would seem almost superfluous to add other argument than the testimonials herewith presented. However, for the benefit of the more exacting and philosophical, we will endeavor, briefly, to present the rationale of its analysis from a scientific point of view. Though we are unable to differentiate, or to aggregate the precise therapeutic effects of the contained salts, yet we hope to offer a few suggestions worthy of consideration. We will discuss these salts in consecutive order as they occur in the analysis. First in order, we have the haloid **POTASSIUM CHLORIDE**. Biochemical research has proven this salt to be a necessary constituent of the human organism. It is indispensable to the structural integrity, normal pathology, and functional activity of certain vital tissues. It is one of the twelve tissue-cell salts, and is found in the blood, nerve, brain, muscle, intercellular fluids, etc. According to the theory of cellular pathology it stands in a chemical relation to fibrin. A deficiency of it in any part of its domain causes fibrinous exudations. Hence it is a remedy for diseases characterized by that symptom; as croup, diphtheria, cutaneous eruptions, etc. Re-establish the equilibrium of the disturbed cells by administering Potassium Chloride.

SODIUM CHLORIDE, or common salt, is another of the twelve tissue-cell salts; and is found in every solid and liquid of the body. By its osmotic power, it regulates the amount of moisture in the tissues. The system demands a considerable quantity of salt; and, although we take it with our daily meals, we may not get as much as health requires. Dissolved in water, it passes through the walls of the mouth, stomach, and intestines directly into the blood, whence it is distributed to all parts of the body. This is the very best form in which it can be taken. Salt increases the excretion of urea; and, hence, should be freely used for scrofulous diseases of the skin. Since the physiological, chemical data of the Potassium and Sodium Chlorides have much in common, we

will now discuss them together. These chlorides are decomposed in certain parts of the body, as by the action of carbonic acid in the peptic glands. The chlorine unites with hydrogen and forms hydro-chloric acid which is a normal constituent of gastric juices. Digestion is thus promoted. A part of the potassium and sodium which have been set free unites with oxygen and forms potassa and soda. The soda goes to the bile and pancreatic secretions to aid intestinal digestion, while the potassa, by its deliquescent and penetrating power, has a deep acting alkaline effect on the system at large.

Another part of the free potassium and sodium combines with carbonic acid and forms potassium and sodium carbonates. These carbonates, by their highly diffusive and great solvent power, increase the alkalinity of the blood and urine, and decrease the amount of uric acid in the system. They are also diuretic. They are used medicinally in rheumatism, gout, and uric acid gravel, to reduce the characteristic acidity, and in dropsy and deficient secretion of urine, to produce diuretics; or the free potassium and sodium combine with the phosphoric acid of the system, and produce potassium and sodium phosphates, which are reckoned among the twelve tissue-cell salts, and are essential to healthful vital action.

Potassium phosphate is a constituent of every tissue and fluid of the body. A lack of it is said to produce softening of the brain, fatty degeneration of the muscles, nervous irritability and exhaustion etc. Hence it is a remedy for nervous debility, neurasthenia, neuralgia, insomnia, etc. *Sodium phosphate* is found in the muscles, nerve and brain cells, blood and intercellular fluids, and is said to decompose lactic acid into carbonic acid and water. It also absorbs the carbonic acid, in the ratio of two to one, and carries it to the lungs where it is exchanged for oxygen. A deficiency of it results in an acid condition of the system followed by rheumatism, dyspepsia, etc. It is therefore a remedy for diseases originating in a lactic acid diathesis. It prevents the gall duct from becoming clogged by inspissated bile or the crystals of cholesterin and is thereby prophylactic of jaundice, bilious cholera, etc. We have discussed these phosphates because they are naturally derivable in the system by the use of Geneva water. This water supplies directly, and by the chemical transformations which takes place in the laboratory of the system, at least ten of the twelve tissue-cell salts of the cellular pathology.

SODIUM STRIATE is also one of the twelve tissue-cell salts, but is found only in the intercellular fluids. It aids the excretion of the surplus water of oxidation, and of the decomposition of lactic acid already described. A minimal supply would retard elimin-

ation, and result in excessive accumulation of water in the tissues, and a train of evil consequences. Note the following series of facts based upon biochemical data. Diabetic sugar is converted into lactic acid. Sodium phosphate decomposes lactic acid. Sodium sulphate expedites the decomposition by removing the surplus water. The two Sodium salts thus operate together to diminish the amount of lactic acid in the system. They thus make room for additional supplies of it from the diabetic sugar; which may tend to accelerate its production, and to reduce the quantity of sugar to its normal percentage. This series of facts would seem to suggest phosphate and sulphate of sodium as possible remedies, at least, for diabetes mellitus. *Sodium sulphate*, or Glaubers' salts, is cathartic and hence its presence tends to give Geneva Water a laxative effect. Acting upon the liver and excretions, it is a remedy for biliousness, jaundice, and the polymorphous maladies of the uric acid diathesis.

MAGNESIUM SULPHATE, or Epsom salts, is also an active cathartic. The considerable quantity of Glauber and Epsom salts which Geneva Water contains, gives to it a decidedly laxative effect. This water is almost a specific for constipation and piles and is very beneficial in cases of fistula.

MAGNESIUM CARBONATE is valuable both for its high saturating power and the absence of corrosive properties. It neutralizes the acidity of the alimentary canal without irritating the intestinal mucous membrane. Dissolved by the acids of the gastric juice, it combines the virtue of an alkali and a mild purge, and hence is used for acid dyspepsia with constipation. Moreover, the magnesium set free by decomposition combines with phosphoric acid and forms magnesium phosphate. *Magnesium phosphate* is another of the tissue-cell salts, and is found in muscle, bone, nerve, brain and teeth. It is a remedy for the diseases of the muscles, nerves, etc. This is another salt evolved from the water by chemical action.

ALUMINUM SULPHATE is an antiseptic and detergent in ulcerous diseases. Its presence ought to add merit to Geneva Water as a remedy for ulcerative skin diseases.

CALCIUM SULPHATE is found in the intercellular fluids, and is one of the twelve tissue-cell salts. A scanty supply results in suppuration. It is, therefore, an anti-suppurative. Moreover, these sulphates supply sulphur which is needed for blood, skin, hair, etc.

CALCIUM CARBONATE, like the carbonate of magnesia, has high saturative, but low diffusive power. Hence these two alkalies concentrate their effects more in the alimentary canal, while the potassium and sodium salts, being highly diffusive, dispense their effects more in the blood and system at large. Hence these two pairs are the complements of each other, and combined they render Geneva Mineral Water a thorough alkalinizing agent. Also, by zoeochemical processes, free calcium combines with phosphoric acid and forms *Calcium phosphate*, which is one of the tissue cell salts, and is an inorganic constituent of blood plasma and corpuscles, bones, teeth, etc. Indeed, the human skeleton is built mainly of tricalcium phosphate. It is therefore a remedy for bone diseases. Potassium, sodium, magnesium, and calcium are all much used in bathing for the skin.

IRON CARBONATE is valuable as a blood tonic and as a cure for anaemia. While Geneva Mineral Water contains enough iron to give it the tonic effect of a chalybeate, yet the amount is so small in proportion to the laxative salts that it does not tend to produce constipation, as many chalybeate waters are known to do. Iron attracts oxygen to the blood. Furthermore, by physiological chemical action *Ferric phosphate*, which is another of the tissue cell salts is generated. This phosphate is found in the coloring matter of the red blood corpuscles; and also in the hair and muscles. Poverty of it produces muscular relaxation with congestion of the blood and hæmorrhage. Hence it is recommended for congestive inflammations, disturbed circulation, etc. Dr. Barchow, on the "Therapy of Chalybeate Waters," says: "Purgative Iron Waters are useful in Engorgement of the Liver, Albuminuria, Neuralgia, Cerebral Anaemia, Hemorrhoids and other nervous disorders due to an impoverished condition of the blood."

LITHIUM BICARBONATE is discussed in the article entitled "Lithia." Suffice it to say in this connection it is found in muscles and blood.

PHOSPHORIC ACID might be neglected, since there is only a trace. However, it should have the same effect in a minimal degree as the official dilute solution which is given for nervous debility. Indeed, this official dose contains only a minute fraction of a grain of phosphorus. Phosphorus is given only in infinitesimal dose. It is supposed to supply the phosphorized fat which is a normal ingredient of nerve substance and which is wanting in nervous exhaustion. The peculiar excellence of Geneva Mineral Water results from the fact that it contains in the most desirable proportions,

those substances which impart its agreeable flavor, neither holding them in excess nor lacking anything that is desirable. The foregoing facts are certainly suggestive of the power Geneva Water has over the diseases for which we recommend it.

Summary.

In the preceding investigation we have confined ourselves to strictly scientific sources of information and have stated only such facts as we have been able to glean from standard authorities. While we cannot determine the exact therapeutic value of any mineral water except from clinical experience, yet we believe in a harmonious compound like Geneva Mineral Water where there are no incompatibles to war against each other that the resultant effect is the sum of the individual effects of the several ingredients, and hence the facts presented under the head of "Materia Medica of Geneva Mineral Water" would indicate that the water ought to cure, or, at least, benefit the diseases appended with others of kindred origin:

Croup, Diphtheria, Cutaneous eruptions, Scrofulous diseases, Rheumatism, Gout, Uric Acid, Gravel, Dropsy, Softening of the Brain, Nervous Debility, Nervous Irritability, Nervous Exhaustion, Neurasthenia, Neuralgia, Insomnia, Dyspepsia, Lactic Acid diseases, Bilious Cholic, Jaundice, Diabetes, Constipation, Acid Dyspepsia, Ulcers, Piles, Fistula, all Skin diseases, Suppurations, Bone diseases, Inflammations, Engorgement of the Liver, Albuminuria, Anæmia, Paralysis, etc.

Geneva Mineral Water being a mild saline cathartic is useful in Piles while it cures Fistula by promoting healthy granulation-cells.

What the Physicians Say_____

OF GENEVA - - - -
MINERAL WATER.

And the troubles they prescribe it for.

PHILADELPHIA PHYSICIANS.

Stomatitis.

PHILADELPHIA, Dec. 6, 1893.

The liberal sample of Geneva Mineral Water you sent I have experimented with in my own case, that of recurring Stomatitis caused by hyper-acidity of the stomach, and must say that the water acted very beneficial and I can therefore truthfully endorse it. Thanking you kindly, I remain, Yours respectfully,

FERDINAND LESSING, M. D.,
1115 Wallace street.

Kidney Disease.

PHILADELPHIA, Dec. 6, 1893.

I used the Geneva Mineral Water sent me and have to say that, from my experience with it, I consider the water a valuable remedial agent in forms of kidney disease.

Very truly yours,

J. ALBERT BOLIN, M. D.
3517 Longshore street, Tacony.

Altered Digestion.

PHILADELPHIA, Dec. 11, 1893.

It affords me much pleasure to testify to the already well known Geneva Mineral Water as to the tonic effect of the Water in cases of altered digestion, especially as I have tried it in men of declining years. Yours very truly,

A. V. LAMB, M. D.,
2952 North Second Street.

Chronic Rheumatism.

PHILADELPHIA, Dec. 16, 1893.

I am pleased to certify to the merit of the Geneva Mineral Water. I have used it in cases of Chronic Rheumatism with decidedly beneficial results and shall continue to prescribe it whenever its use is indicated. Yours respectfully,

JOS. E. SIMONSON, M. D.

885 North-Eighth Street.

Hepatic Diseases.

PHILADELPHIA, Dec. 6, 1893.

I take great pleasure in calling the attention of the medical fraternity to the benefits obtained from the use of the Geneva Mineral Water. I have used it in Gastric and Hepatic diseases as well as in the convalescent condition (so tedious after fevers and inflammatory conditions), and am well satisfied with the effects of its use.

Yours truly,

D. J. LOUGHLIN, M. D.,

1307 Ellsworth Street.

Rheumatic Gout.

PHILADELPHIA, Dec. 8, 1893

I have prescribed your Geneva Mineral Water in a number of cases of Rheumatic Gouty diathesis and sluggish conditions of Gastric Mucous Membrane, and find its continuous use attended with benefit. Very Respectfully,

J. GARDEEN COOPER, M. D.

1004 Lehigh Avenue.

Lithiasis.

PHILADELPHIA, Dec. 14, 1893.

I have used the Geneva Mineral Water and find it is an excellent remedy in cases of lithiasis, a condition which embraces quite often a variety of indefinite ailments. By a proper regulation of diet and the taking of from two to five gallons of this water, the tongue loses its coating, the skin becomes clear and the specific gravity of the urine is considerably diminished. Yours respectfully,

S. R. STERLING, M. D.

1931 E. Cumberland Street.

Bright's Disease.

PHILADELPHIA, DEC. 6, 1893.

Yours in reference to the Geneva Mineral Water received. I gave it to a patient suffering with Bright's Disease, with dropsy of the lower extremities. She used it all and expressed herself as feeling much better and said she intended to continue its use.

Yours truly,

W. B. SCULL, M. D.

3124 Richmond Street.

Gastric Catarrh.

PHILADELPHIA, Dec. 6, 1893.

In reply to your request for my experience with your Geneva Mineral Water, as a medicinal remedy, I state that I have used it in a number of cases of Gastric Catarrh, with favorable results. Its action is gently stimulating to the kidneys, laxative to the bowels and at the same time relieving flatulency by producing fewer actions of gases. Personally I find it an agreeable and palatable water and just the thing to act as a stimulant to all the tissues. Yours very truly,

J. DALE DILLON, M. D.

328 South Fifth Street.

Constipation.

PHILADELPHIA, Dec. 26, 1893.

Having been troubled with Constipation and Indigestion for sometime, I experienced great benefit from using the Geneva Mineral Water. The Sulph. Magnesia it contains cured my constipation and the lithia acted upon my kidneys. I believe it the best natural mineral water that I have ever used. Very truly yours,

WM. M. KERN, M. D.

1400 North Twenty-third Street.

Uric Acid.

PHILADELPHIA, Dec. 6, 1893.

I have found the Geneva Mineral Water efficient in the treatment of Neuralgia, Vesical Catarrh, Uric Acid diathesis and certain forms of Indigestion. It is moreover an agreeable water on account of its good taste, probably the most desirable rich mineral water for this purpose in the market. Yours very truly, SAMUEL WOLFE, M. D.

1634 Diamond Street.

Uric Acid.

PHILADELPHIA, Dec. 9, 1893.

I have tried your Geneva Mineral Water and have succeeded in diminishing the amount of uric acid in urine and can highly recommend it to the profession.

Yours truly,

W. H. CLEGG, M. D.

3945 Fairmount Avenue.

Irritable Bladder.

PHILADELPHIA, Dec. 31, 1893.

I tested the Water you sent me in a case of chronic Irritable Bladder and am much pleased with its action. I intend to prescribe it in my practice. Respectfully,

MARY A. WADSWORTH, M. D.,

763 South Fifteenth Street.

Gout.

PHILADELPHIA, Dec. 6, 1893.

I have used the sample of Geneva Mineral Water sent me and the best testimony I can offer is that I have recommended its use in several cases and found the Geneva productive of good results. Specially useful in gouty cases. Yours, &c.,

A. R. RAINEAR, M. D.,
2026 Diamond Street.

Lithæmia.

PHILADELPHIA, Dec. 22, 1893.

It gives me pleasure to state that I received great benefit from the "Geneva Mineral Water," having used it myself whilst suffering from Lithæmia during the past summer. I have tried several waters, but none relieved me as much as Geneva, due to the increased elimination of Uric Acid. Yours respectfully, S. W. GADD, M. D.,

1155 South Eighth Street.

Blood Purifier.

In answer to your communication requesting my experience with the Geneva Water, I would say I am very much pleased, finding it an efficient Tonic and Blood Purifier, and it should, in my opinion, be used in every family. Yours very truly,

O. S. BELDEN, M. D.,
1946 North Twenty-second Street.

Cystitis.

PHILADELPHIA, Nov. 15, 1893.

I have used your Geneva Mineral Water in conjunction with medical treatment for diseases of the Kidneys and Bladder with most satisfactory results. I consider it an invaluable remedy in Cystitis and especially serviceable on account of its agreeable taste, and can be used as a substitute for beverages. Yours very truly,

CHAS. S. MEANS, M. D.
738 South Twelfth Street.

PHILADELPHIA, Dec. 9, 1893.

I prescribe Geneva Mineral Water in my practice and use it personally with satisfactory results. Respectfully,

C. N. SHELLENBERGER, M. D.
1831 Wallace Street.

PHILADELPHIA, Dec. 10, 1893.

Your Geneva Mineral Water is all that you claim. It is very good and is the king of all mineral waters, you can use my name if you like. Respectfully,

MOSES STERN, M. D.
428 South Fifth Street.

NEW YORK PHYSICIANS.

Albuminuria.

268 WEST 42nd STREET, NEW YORK.

You ask what my opinion of Geneva Mineral Water is, and I can say, after a thorough test, that I believe we have no medicinal water in this country or Europe, not excepting the famous Carlsbad, that can compare with it. Having suffered with uric acid diathesis and albuminuria for about two years, and after almost no relief from the most approved treatment, and drinking several cases of lithia water as well as the famous Bethesda, I experienced entire relief after using one case of Geneva Mineral Water. I consider it the *no par altera* of mineral waters.

MARK NIVISON, M. D.

Constipation.

6 LEXINGTON AVENUE, NEW YORK.

I find the Geneva Water an excellent and pure table beverage. I am using it to the exclusion of all other waters. A patient reports favorably of it for constipation and sick headache. Longer experience will, no doubt, enable me to comment further on its merits as a remedial agent. A pure drinking water is almost as essential to good health as good food.

O. FULLEBRAFF, M. D.

Stomach Trouble.

354 WEST 123d STREET, NEW YORK.

I received from you two large bottles of the Geneva Mineral Water, for which I thank you very much. I have been trying it and find it a good alternative, and I think it good in dyspepsia and stomach troubles. Believe me, sir,

KATHERINE G. TOWNSEND, M. D.

Uric Acid.

124 WEST 47th STREET, NEW YORK.

I have tested the Geneva Mineral Water and have been well pleased with it. A patient who had suffered from catarrh of the stomach and uric acid diathesis was greatly benefited after using the water for three weeks, and was *completely well* in two months. I have used it as a table water, and find it the most palatable and purest water I have used. It is agreeable to the taste, grateful for the stomach, and has a most beneficial effect on digestion.

R. A. GUNN, M. D.

Rheumatism.

154 WEST 34th STREET, NEW YORK.

I take great pleasure in saying Geneva Mineral Water has given most satisfactory results in cases of nervous dyspepsia and muscular rheumatism. I shall continue to recommend it to my patients.

F. P. HOOVER, M. D.

Calculi.

NEW YORK, May 19, 1893.

Have used the Geneva Mineral Water personally for urinary calculi and find it to be a very successful remedy, and one that is speedy and certain in its effects.

Respectfully,

M. H. MAY, M. D.

34 WEST 40th STREET, NEW YORK.

You are at liberty to use my name in reference to Geneva Mineral Water. I have used it for several years, and deem it superior to any other water.

WM. McD. HALSEY, PH. D.

Intestinal Catarrh.

JENKINTOWN, Dec. 29, 1892.

I received some of the Geneva Mineral Water and find after a thorough trial that it is very beneficial in cases of gastro-intestinal catarrh, also constipation, etc.

ELIAS WILDMAN, M. D.

BALTIMORE PHYSICIANS.

Kidney and Bladder.

BALTIMORE, MD., Nov. 16, 1890.

I have used Geneva Mineral Water in my practice, and also personally, and consider it superior to all other mineral waters for diseases of the Kidneys and Bladder, and also for Dyspepsia and Constipation. In two cases in which I recommended it for Stone, they were dissolved and passed after a few days' use of the Water.

C. H. THOMAS, M. D.,

1006 East Baltimore Street.

Diabetes.

BALTIMORE, MD., Jan. 29, 1891.

I have seen really remarkable results from the use of your Geneva Water. I would particularly mention its action in cases of Diabetes and Nervous Dyspepsia. A local application in Rheumatism I have obtained good results. Yours truly,

THOS. L. SHEARER, M. B. C. M., Edinburgh.

345 North Charles Street.

Kidney Trouble.

It gives me pleasure to recommend the Mineral Water to the general public as a valuable tonic and alterative, and especially useful in all Kidney Trouble. It has a most happy effect in correcting Indigestion, relieving and preventing those diseases that follow from malassimilation. Yours truly,

BALTIMORE, MD., Jan. 24, 1889.

P. V. BENSON, M. D.,
1047 Hollins Street.

Indigestion.

I am delighted with the samples tried of the Geneva Mineral Water and I will state that while using it I was much better, having had a long attack of Indigestion. Its keeping qualities seem to be better than any water with which I am acquainted, and in that respect is unlike many of the other waters. I have ordered many of my patients to get the Geneva at once, especially those who are in a languid condition from malaria with impaired digestion.

J. A. GILLIS, M. D.

Rheumatism.

BALTIMORE UNIVERSITY, SCHOOL OF MEDICINE.

BALTIMORE, May 13, 1893. }

DEAR SIR:—I am pleased with the result of the analysis of the Geneva Mineral Water. It is a water of the highest type and must certainly be most efficacious in the treatment of Rheumatism and Rheumatic Gout, acting as it does with energy upon the kidneys, rapidly eliminating uric acid from the system, the primary cause of these painful maladies, at the same time correcting the digestive functions by its gentle stimulating action on the mucous membrane. There are no traces of organic matter of any kind in this water.

I cheerfully recommend it to the invalid. Respectfully yours,

P. B. WILSON, M. D.,
Prof. of Chemistry, Toxicology and Microscopy.

Stomach and Liver.

BALTIMORE, MD., July, 1893.

I cannot speak in too high terms of praise of your Geneva Mineral Water, for the good it has done me, therefore it affords me great pleasure to testify to its good qualities. I have used, personally, the Geneva Water constantly for the past six or eight months, and have been much benefited. For Stomach and Liver troubles it is unsurpassed by any other water. For Dyspepsia and its accompanying symptoms I can personally attest to its efficacy. It is unaltered, laxative and diuretic and must be drunk freely and liberally. Its tonic effect is very manifest, and I prescribe it for my patients with marked benefit.

R. W. MAXSFIELD, M. D.

WASHINGTON PHYSICIANS.

Insomnia.

WASHINGTON, D. C., Nov. 15, 1889.

I have prescribed Geneva Mineral Water in a number of cases, and it has in every case relieved Insomnia, Muscular Rheumatism and Constipation. Two patients who said they could not drink water of any kind have used it with great relief. With myself, as a laxative, it acts very pleasantly, and I would like to have some more.

Very respectfully, J. A. TARKINGTON, M. D.

Rheumatism.

1009 O STREET, N. W., WASHINGTON, D. C., July 28, 1890.

I have used Geneva Mineral Water as a table water in my family for several months with, I believe, unqualified advantage; I have also prescribed it in a number of cases of Indigestion, of Chronic Rheumatism, of Chronic Diseases of the Skin, and in every case have found it to be either curative or of marked benefit.

As a blood purifier it is, in my experience, of the greatest value.

T. B. HOOD, M. D.

WASHINGTON, D. C., October 11, 1889.

Since my return to the city I have made use of the Water you so kindly sent me, and thus far I am pleased with the result. Yours truly,

ERNEST V. KING, M. D.

CHICAGO PHYSICIANS.

Skin Troubles.

CHICAGO, Feb. 11, 1892.

This is the first instance in my whole professional life that I consent to give a written endorsement of any article in which sick people take an interest. For some months I have prescribed the Geneva Mineral Water for cases in which it seemed an indicated remedy. In rheumatic and skin troubles it works magical results. I do not give this testimonial for any reason save that this water possesses medical merit.

Yours respectfully,

C. S. ELDRIDGE, M. D.

76 State Street.

Rheumatism.

CHICAGO, April 20, 1892.

During the last two years I have prescribed your Geneva Mineral Water a great many times, and have yet to meet with my first failure to secure desired results.

In pathological conditions having as their basis Lathraemia, such as Gout, Rheumatism, Acidulous Indigestion, Irritable Bladder, Constipation, etc., I have come to look upon the water as well nigh a specific; and used as a table water in health I regard it as entitled to a prominent place among the hints and suggestions which have to do with preventive medicines.

Very truly yours,

O. C. SNYDER, M. D.

42 Scott Street

Biliousness.

CHICAGO, Nov. 10, 1891.

Last summer I suffered several weeks from an old enemy of mine, rheumatism, accompanied with indigestion and biliousness. A medical brother advised my using the Geneva Mineral Water, and in desperation but with little confidence or hope, I did so.

To my great surprise and gratification I grew speedily better of both troubles, and for several months just have been as well as ever in my life. I do not hesitate to give the water much credit, for I took no medicine while using it. Owing to my own pleasant experience I am recommending the water to my patients and am witnessing most favorable results in several cases.

Respectfully,

ROBT. N. TOOKER, M. D.,

263 Dearborn Avenue.

Rheumatic Gout.

CHICAGO, Jan. 20, 1891.

I have prescribed the Geneva Mineral Water with excellent results in cases of Rheumatism, Rheumatic Gout and Neuralgia.

I have also found it of great value in cases of irritable bladder and prostatic trouble.

Very truly yours,

CHAS. ADAMS, M. D.,

206 28th Street.

Bright's Disease.

CHICAGO, July 7, 1893.

I have given the Geneva Mineral Water a considerable trial, and can say that I consider it of undoubted utility in some of the genito-urinary disorders, as INCRISTED BRIGHT'S DISEASE, URIC ACID DIABETIS, etc. It is also a delightful table beverage.

M. W. BACON, M. D.

Kidney Trouble.

CHICAGO, Jan. 10, 1891.

I have prescribed the Geneva Mineral Water in a large number of cases and have been very well pleased with its effects in Rheumatic Ailment and Kidney Trouble. I have found it an admirable relief to Constipation, and as a flushing out of Calcareous substance from the Kidneys and Bladder have never found anything so satisfactory.

J. E. GILMAN, M. D.,

31 and 32 Central Music Hall.

CHICAGO, June 1, 1891.

I have been using the Geneva Mineral Water for the past two years in my practice and am much pleased with it. I consider it one of the most valuable medicinal waters in this country.

M. D. OGDEN, M. D.,

Palmer House.

Indigestion.

CHICAGO, July 11, 1893.

I frequently prescribe Geneva Mineral Water, and have found it of special value in lithaemia conditions and digestion disorders. In intestinal indigestion it has afforded me unusual relief

A. B. SPACH, M. D.

Urinary Difficulties.

CHICAGO, Ill.

[From Dr. G. Frank Lydston, Professor of the Surgical Diseases of the Genito-Urinary Organs, Chicago College of Physicians and Surgeons. Also Attending Surgeon, Cook County Hospital.]

It gives me great pleasure to state that I have used your Geneva Mineral Water in my practice quite extensively, indeed I have used it myself a great deal of late. I can commend it as a most valuable auxiliary to the treatment of all genito-urinary difficulties caused or aggravated by the lithic acid diathesis.

Very truly yours,

G. FRANK LYDSTON, M. D.

Laxative.

CHICAGO, Ill.

Have used Geneva Mineral Water personally, and find it very valuable as a laxative and anti-rheumatic. I regard it a most valuable medicinal water and a most palatable drinking water, and take great pleasure in recommending it as such.

C. C. HIGGINS, M. D.,

315 Inter Ocean Building.

CHICAGO, July 12, 1893.

This is to certify that I have used and prescribed the Geneva Mineral Water. My experience with it has been most satisfactory and I have no hesitation in recommending it.

E. W. LEE, M. D.,

Surgeon Cook County Hospital.

Rheumatism.

CHICAGO, Ill.

Doctor Smith received yesterday another supply of the Geneva Mineral Water, for which he desires me to express his thanks. He continues to take it for his rheumatism, and feels that it is of benefit to him.

Very truly yours,

MRS. DR. CHAS. SMITH.

2220 Calumet Avenue.

BOSTON PHYSICIANS.

Nervous Prostration.

BOSTON, Mass., Jan. 16, 1893.

"It affords me pleasure to testify to the great curative properties of Geneva Mineral Spring Water. I am not only prescribing this water in my practice, but using it myself; and as 'the proof of the pudding is in eating it,' I will say in this case, drinking it, I can personally testify to its remarkably medicinal virtue in Dyspepsia, Gastric, and Intestinal Indigestion attended with Nervous Prostration. The action of the water in flushing the system and clarifying its fluids, changes the ferments so as to convert the food into the best form of nourishment to the body, brain, and tired nervous system. It also keeps the skin more active, stimulates the liver and kidneys to the removal of waste matter and gives nature's forces a chance to reconstruct and recreate a new life that under the drug methods we would despair of. Hence as a therapeutical agent in the shape of water, it is in my judgment the 'Water of Waters.'"

CHAS. W. SCOTT, M. D.,

53 Union Park.

Renal Dropsy.

BOSTON, Mass., Dec. 1, 1892.

"It gives me great pleasure to inform you that I have been very successful in the case of Renal Dropsy, for which I procured the Geneva Mineral Spring Water several weeks ago."

ALDEN W. BROWN, M. D.

67 Rutland Street, (near Tremont).

BOSTON, Dec. 15, 1892.

"I have prescribed Geneva Mineral Spring Water in a number of cases, and in every case have found great benefit.

J. GARFIELD, M. D.,

Malden, Mass.

Lithaemia.

"I am very much pleased with the action of Geneva Mineral Water, not only upon my patients but in my own case. I find it particularly efficacious in eliminating waste from the system, which if retained tends to rheumatism, heart irritation, headaches, in fact all those uncomfortable conditions resulting from too thick and burdened blood (lithaemia). I am perfectly willing that you should refer to me if occasion requires.

IRA B. CUSHING, M. D.,

Brookline, Mass.

ST. LOUIS PHYSICIANS.

Rheumatism.

319 N. GRAND AVENUE, ST. LOUIS, Jan. 22, 1892.

In gratitude for the good that the Geneva Mineral Water has done in my family I write this. For years one of my children has suffered with sub-acute Rheumatism. All the joints were more or less involved at times. The fingers, especially, showed signs of chalky deposits in the near future; often so stiff as to produce much pain when using the hands. The Geneva Water gave relief in a few days. In two weeks she was apparently well. Whenever she feels the least return of the "enemy," she soon puts it to flight with a few gallons of the water. I firmly believe that were she to continue its use—rheumatism or no rheumatism—she would entirely recover. I have used it with Chronic Rheumatic patients with much benefit. I find it good, too, in old dyspeptics, who are tormented with heartburn. Old smokers, too, enjoy their pipes or cigars the better from its use.

T. L. PAPIN, M. D.

Diabetes.

ST. LOUIS, Jan. 18, 1892.

I have had occasion to prescribe your Geneva Mineral Water many times for the past six months, and I esteem it very highly as a most excellent alterative and tonic, useful in a variety of diseases. I have given it with good results in gastric affections, such as Catarrh of the Stomach, for Rheumatic attacks, Diabetes, and for Lithaemia. I have used it myself as a table water, and I know of no other water so refreshing as Geneva Water. Very respectfully,

T. GRISWOLD COMSTOCK, M. D.

507 North 14th Street,

Bladder and Kidneys.

THE ST. LOUIS SURGICAL AND GYNECOLOGICAL HOSPITAL.
410 North Jefferson Avenue, corner St. Charles.

St. Louis, Mo., May 23, 1892.

The Geneva Mineral Water is pleasant and palatable, is of great efficacy in functional and most chronic Catarrhal affections of the Bladder and Kidneys, and of that most annoying disease known as the Irritable Bladder.

DR. H. TUHOLSKE.

Uric Acid.

St. Louis, Nov. 8, 1891.

I can recommend your Geneva Mineral Water in all cases presenting a RHEUMATIC, GOUTY and URIC ACID Diathesis. In a few days it will clear up the urine and relieve vesical irritation.

L. CH. A. BOISLINIERE, M. D.,

2303 Chestnut Street.

Torpid Liver.

St. Louis, Mo., Sept. 5, 1892.

After giving your "Geneva Mineral Water" a thorough trial in my practice, and also in my family, I feel it is my duty to the public to testify to its merits in the following diseases: Rheumatism, Dyspepsia, Malaria, Constipation and all eruptive diseases of the skin. In those obstinate cases of constipation from torpid liver and defective peristaltic action of the bowels, by taking a glass of the water before breakfast, I have found other medication unnecessary.

I may further add, that there are few diseases in which, at some stage, this water would not be beneficial. Very truly, your obedient servant,

S. C. MARTIN, M. D.,

Professor of Dermatology and Hygiene,

Barnes Medical College.

Editor "Medical Era,"
Station "B," St. Louis, Mo.

Cystitis.

OFFICE OF DR. JOHN A. LEAVY, HOTEL BARNUM.

St. Louis, May 8, 1891.

I have found the Geneva Mineral Water in my practice to possess all the good qualities which you claim for it. I deem it a very valuable adjunct in the treatment of Rheumatism, Nephritis and Cystitis. It is an excellent diuretic and hastens the action of the alkalies, promptly assists in removing an excess of urea from the blood, and thereby benefits those diseases which seem to depend upon this cause or in which this element circulates in excess in the circulation. Yours truly

JOHN A. LEAVY, M. D.

Best Mineral Water.

OFFICE OF W. M. F. KIER, M. D., No. 309 S. BROADWAY,
St. Louis, Mo., May 7, 1891.

DEAR SIR:—Allow me to thank you for calling my attention to your Geneva Mineral Water. I have been able to do more good with it in my practice than with any mineral water I have ever used.

W. M. F. KIER, M. D.

Water of Waters.

St. Louis, May 7, 1891.

“I have used Geneva Mineral Water extensively, both personally and in my practice, and have found it a most excellent water of waters.”

P. S. O'REILLY, M. D., 703 N. 9th Street.

Acts on the Excretory Organs.

St. Louis, April 30, 1891.

The Geneva Mineral Water was grateful to the palate, relieved thirst, promoted activity of the excretory organs, and in every way tended to the comfort and benefit of my personality. I shall drink freely of the Geneva Water, and commend it to the patients who come under my care, believing that in so doing I am conducing to the health of all concerned.”

I. N. LOVE, M. D., 305 N. Grand Avenue.

Vesical Catarrh.

St. Louis, Jan. 14, 1892.

“I have found the Geneva Mineral Water useful in cases of Gastric and Vesical Catarrh, and judge it a valuable adjuvant in many other stomach and kidney disorders. As a table water, in its carbonated form, it rivals Apollinaris.”

C. H. GOODMAN, M. D.,
2728 Washington Avenue.

Nervous Prostration.

St. Louis, May 8, 1891.

It is the best water I have ever used being an alterative tonic and as a diuretic unsurpassable. it is valuable in Nervous PROSTRATION.

W. B. MAY, M. D.

Kidney and Bladder Troubles.

St. Louis, June 20, 1892.

The Geneva Mineral Water furnished by you to several of my patients has proven of especial efficacy; particularly in Kidney and Bladder Troubles, and as a mild laxative.

GIB. W. CARSON, M. D., 710 Olive Street

Rectal Disease.

LEON STRAUSS, M. D., St. Louis, Mo.

Consulting Rectal Surgeon to St. Louis and Female Hospitals; Fellow British Medical Association; Member American Medical Association.

The Geneva Mineral Water is pleasant and palatable, is of great efficacy in functional and organic rectal diseases. In CHRONIC CONSTIPATION it is par excellence.

LEON STRAUSS, M. D.

407 N. Grand Avenue.

Paralysis.

St. Louis, Mo., Nov. 10, 1891.

Have given the Geneva Mineral Water a trial in a patient who has had two strokes of PARALYSIS and have found quite a good deal of benefit from the water with of course the addition of other medication.

Yours respectfully,

P. C. LANE, M. D.

Diabetes.

St. Louis, May 12, 1893.

I have now been using Geneva Mineral Water freely for over a year, with gratifying results. I have found it a very excellent aperient, and very beneficial in diabetes or any troubles of the kidneys and urinary organs.

Yours truly,

THOS. WIGHTMAN,

Sec'y Dr. J. H. McLean Med. Co.

Rheumatism.

St. Louis, May 26, 1893.

I take great pleasure in prescribing Geneva Mineral Water whenever indicated. I find it very useful in the treatment of all cases presenting a Rheumatic diathesis, and as a table water in its Carbonated form it is superior to any water I have ever used.

J. P. FLANDERS, M. D.

St. Louis, March 23, 1891.

I desire to say to you that the Geneva Mineral Water you sent to my house for my daughter, has been of great benefit to her, as you predicted. Please send some more of it as early as you can, as we are out of it. I have sent you several parties, and am glad to add that they are also highly pleased.

Yours very truly,

Dr. G. H. KNAPP.

St. Louis, Mo., Nov. 2, 1891.

Will you please send me two gallons of your Geneva Mineral Water, I am deriving benefit from its use myself.

Respectfully yours,

H. TYLER WILCOX, M. D.

CINCINNATI PHYSICIANS.

Torpid Liver.

CINCINNATI, Ohio, March 22, 1892.

I have prescribed the Geneva Mineral Water in my practice, and find it most excellent in cases of Indigestion and Torpid Liver. It certainly will have to be a fine table water, as its purity is unquestionable.

PHIL. J. WILLIAMS, M. D.,
297 West Sixth Street.

Serious Case.

CINCINNATI, Ohio, April 8, 1892.

Please send me more water, I have been using it in a serious case and credit Geneva Mineral Water with pronouncedly favorable therapeutic qualities.

Very sincerely yours,

J. P. GEPPERT, M. D.

Rheumatic Gout.

CINCINNATI, Ohio, March 5, 1892.

I have prescribed the Geneva Mineral Water in marked cases of Rheumatism, Rheumatic Gout and diseases of the Kidneys and Bladder with happy results; in no case with disappointment. I recommend it to all my friends as a fine table water and pure.

Respectfully yours,

C. S. MUSCROFT, M. D.,
Pike's Building.

Kidney Trouble.

CINCINNATI, Ohio, May 10, 1892.

I have been very much pleased with the action of the Geneva Mineral Water. It has served in many cases as a bowel regulator, also the effect on the Kidneys and Stomach has been good.

Yours very truly,

P. M. BIGNEY, M. D.

Constipation.

CINCINNATI, Ohio, May 6, 1892.

I have prescribed the Geneva Mineral Water to patients suffering with Constipation, Rheumatism and CALCULOUS troubles and they have derived benefit from its use.

Very truly yours,

A. B. ISHAM, M. D.

Stomach and Kidneys.

CINCINNATI, Ohio, February 27, 1893.

I must say that the Geneva Mineral Water of New York, is the purest water I have known. It dissolves any impurities in the Stomach and Kidneys and tones up the blood, thus enabling the entire system to become purified.

Respectfully,

EMIL SEIP, M. D.

Late Captain and Assistant Surgeon Tenth Ohio Volunteers and member Geo. H. Thomas Post 13, G. A. R.

ST. PAUL, MINN., PHYSICIANS.

Cystitis.

ST. PAUL, Minn., Feb. 4, 1893.

Having used the Geneva Mineral Water freely and extensively in my own family, and in my practice, I have no hesitation whatever in stating that it is the best water that I have ever used. In two cases of Cystitis—one acute, the other chronic, it acted like a charm. I am now using it (in person) for sub-acute mild Gastritis; it acts better than any other remedy I have tried. I could mention many cases of Gastritis—ACUTE Articular Rheumatism and Irritation of the Bladder where the Geneva Mineral Water has given wonderful relief.

D. FRANK POWELL, M. D., (White Beaver.)

Medicine Chief and Counsellor of the Winnebago Indians.

Kidney and Bladder.

ST. PAUL, Minn.

During the past eight years of my visits to the Rocky Mountains and the Yellowstone National Park, I have carefully investigated the Waters of Hot Springs and Mineral Waters generally. From the Geological Department at Washington, D. C., and through other sources, I have secured analysis of all the prominent Waters of the United States, as well as of Europe. I must say that as a mild laxative, alterative and tonic, I believe the Geneva Mineral Water (as its analysis shows) has no equal in its special adaptation to those suffering with Urine Stomach, Kidney, Bladder, Rheumatic and kindred disorders. My opinion is further supported by a knowledge of some remarkable benefits experienced by several who have been using it in my own recommendation, and that of one of our leading Physicians of this city, who first called my attention to its virtues. One case I think deserves special mention, that of an old acquaintance who contracted Rheumatism whilst in the army, who has given up his crutches after using it a few weeks. It contains 240 grains of mineral to each gallon (over 14 grains of which is Lithia) and no argentic matter making it a pure, wholesome, pleasant and efficacious water suitable for medicinal as well as table use.

SAM'L A. BEECHER, D. D. S.

15 Mannheim Bldg

Good Water.

ST. PAUL, Minn.

I have prescribed Geneva Water in my practice wherever I thought it indicated. Also have used it in my own family and am fully satisfied with its effects.

CHAS. E. SMITH, M. D.,

Cor. 4th and Market Streets.

Constipation.

ST. PAUL, Minn.

I have used the Geneva Mineral Water both in my practice and family. I find it an excellent remedy for Indigestion and Constipation and for all Kidney and Bladder troubles.

CHAS. M. DORIAN, M. D.,

Ger. Bank Building.

PHYSICIANS ON THE PACIFIC COAST.

Rheumatism.

SAN FRANCISCO, Cal.

"I have used Geneva Mineral Water with good success in Rheumatism, and also in diseases of the Liver."

A. McQUESTEN, M. D.

Dyspepsia.

SAN FRANCISCO, Cal.

"I have much pleasure in stating that I have used Geneva Mineral Water for Dyspepsia and found it of great value."

H. B. SOLTAN, M. D.

Phosphatic Deposits.

SAN FRANCISCO, Cal.

"I have used the Geneva Mineral Water for Phosphatic deposit in the urine, and find it has benefited me."

A. G. POSEY, M. D., 106 Stockton Street.

Inflammation of the Bladder.

SAN FRANCISCO, Cal.

"I have used Geneva Mineral Water and prescribed it in quite a variety of cases occurring in my practice and have been well pleased with its effects. Dyspepsia, Constipation and Biliousness, with all their attendant ills, are promptly relieved and cured by the free use of this Water and without the annoying restrictions of diet usually prescribed in these affections. For Chronic Inflammation of the Bladder I have obtained the most gratifying results, and I also regard it an invaluable remedy in the treatment of Rheumatism."

H. B. KILBOURN, M. D.,

Pharmacy, Cor. 2d & Mission,

Kidney and Bladder Trouble.

SAN FRANCISCO, July 11, 1893.

I take pleasure in stating that I have used the Geneva Mineral Water in Dyspepsia and Kidney and Bladder difficulties and found it to be very beneficial.

B. BRYANT, M. D., 522 Sutter Street.

Cystitis.

SAN FRANCISCO, Cal., July 5, 1893.

I have thoroughly tested the Geneva (Lithia) Mineral Water in a case of CHRONIC Cystitis and Rheumatism and was highly pleased with its action. I take pleasure in recommending it, as I find the Geneva (Lithia) Mineral Water, better than any other in the market.

Very respectfully

M. NEUMANN, M. D.,

217 Turk Street.

Liver and Kidneys.

BERKELEY, Cal., Jan. 12, 1894.

HEALTH OFFICE, HARN BLOCK, BERKELEY STATION, HERBERT N. ROWELL, M. D.,

HEALTH OFFICER.

You may send me another demijohn (5 gallons) of "Geneva." I am not in the habit of giving testimonials, but must in justice to you say, that for any one disposed to live too highly and thereby overtax the Liver and Kidneys, it will work wonders. I have been greatly benefited by its use.

Very truly, HERBERT N. ROWELL, M. D.

Kidney and Bladder.

OCCIDENTAL HOTEL, SAN FRANCISCO, Cal., May 11, 1893.

While attending the American Medical Meeting of June 1892, at Detroit, Michigan, my attention was first called to your Geneva Mineral Water.

Since which I have used it quite extensively in the treatment of Rheumatic diseases, as well as Catarrh Diseases of the Bladder, with most satisfactory results, and I am prepared to say that I consider it by far the most efficacious and satisfactory of any known Lithia Water in the treatment of Kidney, Bladder and Catarrh Diseases.

Very truly yours,

W. H. PARSONS, M. D.,

Omaha, Nebraska.

Rheumatism and Gout.

SAN FRANCISCO, Cal.

I have been using the Geneva Mineral Water in my practice and found it very effective in cases of Rheumatism and Gout. It is very serviceable for removing the urates from the system and thus preventing their accumulation in the tissues of the body.

It is also an important auxiliary in cases of ANEMIA; in these cases its use in combination with the administration of iron will be found surprisingly beneficial.

M. HILDEBRAND, M. D., 219 Geary Street.

WHAT THE GENEVA MINERAL WATER HAS DONE.

Had Rheumatism.

GENEVA, N. Y., July 18, 1887. †

During the early part of last summer I was a great sufferer with Rheumatism in my hands, arms and shoulders. By bathing with and drinking the Geneva Mineral Water from your spring was entirely cured in a very short time.

JOHN B. DIXON.

Had Sciatic Rheumatism.

GENEVA, N. Y., July 12, 1886.

I have been sorely afflicted with Sciatic Rheumatism in hip and left limb for over one year and been under treatment of the best physicians, from which I received no relief, and have tried several of the so called rheumatic cures with no kind of benefits. I have been using the Geneva Mineral Water for about two months, and commenced to improve from the first bath and drinking the water, and walk without the use of canes. I have also been badly ruptured for 25 years and feel that it has been very beneficial for that, having no pain with it, and I take pleasure in recommending it to any one afflicted as I have been.

GEORGE LEGERWOOD.

Had Diabetes.

GENEVA, N. Y., Dec. 5, 1888.

About four years since I was attacked with Diabetes and doctored for it for two years without any benefit. Soon after your well was drilled I began drinking the Geneva Mineral Water and found relief at once and the trouble has never returned.

S. HARVEY MERRILL, Nurseryman.

Had Salt Rheum.

GENEVA, N. Y., Jan. 1889. †

During the months of June and July in the year 1887, having business in the vicinity of your springs, I drank the Geneva Mineral Water freely, which entirely cured the Salt Rheum with which I had been troubled for several years, and have not been troubled with it since.

A. C. REYNOLDS.

Had Dyspepsia.

GENEVA, N. Y., July 3, 1889.

For over two years I have been a sufferer with Dyspepsia, during which time I could scarcely retain any food. Having heard of the virtues the Geneva Mineral Spring Water contained I resolved to drink it steadily as a treatment for two weeks, and to my delight was entirely cured.

I. J. LEVY.

Had Fistula.

[From J. P. Avery, M. D., the oldest practitioner of Geneva.]

GENEVA, N. Y., Sept. 10, 1889.

I have suffered for years with Fistula and Chronic Constipation and have never been able to find anything in our practice that could afford relief. After drinking the Geneva Mineral Water from your springs I felt a great change for the better within 24 hours and continued to improve very fast until I was entirely cured.

J. P. AVERY, M. D.

Had Bright's Disease.

EAST BLOOMFIELD STATION, N. Y., Jan. 18, 1889.

DEAR SIR:—I returned carboy Saturday to be refilled with Geneva Mineral Water. I am better than I have been for over a year, and I think I am entirely cured of Bright's Disease.

Truly yours, C. M. MERRITT, Justice of the Peace.

Another from C. W. Merritt.

EAST BLOOMFIELD STATION, N. Y., Jan. 18, 1889.

My wife has been troubled a long time with pains in her hips and back, reaching to the shoulders. She has been using the Water and considers herself cured.

Yours truly, C. W. MERRITT, Justice of the Peace.

Had Nervous Dyspepsia.

SHAMOKIN, PA., Dec. 7, 1888.

I heard of your celebrated Geneva Mineral Water last summer and was at first very skeptical. I was induced, however, to get a jug after being astonished at the good results of a few gallons and have used it ever since, finding great benefit and entire cure of nervous dyspepsia.

Yours truly,

ELMER HEFFELFINGER,

Editor of *Evening Herald*.

Had Rheumatism.

KINGSTOWN, Luzerne Co., Pa., Dec. 20, 1888.

I have been a great sufferer from Rheumatism. About six months ago I was laid up for a long time and was unable to walk without the aid of two canes. I employed a physician, but no medicine seemed to reach my case. A friend of mine recommended me to use the Geneva Mineral Water. I got a jug of five gallons and used it freely as a common drink, and took no other medicine. This was on the 3rd of July, 1888. Before I had used the water one month I had improved so fast that I forgot my canes and walked to and from my business. I used the water about three months and am now enjoying good health.

Yours truly,

W. M. NAN HORN.

Had Kidney Trouble.

Office MERCHANTS DISPATCH.

SYRACUSE, Feby 10, 1894

I can with pleasure attest to the benefit I derived from use of the Geneva Mineral Water for Kidney trouble.

Yours truly, K. WARD.

Had Inflammatory Rheumatism and Constipation.

[From Hon. W. W. Kingsburg, Ex Member of Congress.]

TOWANDA, PA., Nov. 17, 1888.

Seven years ago I had a severe attack of Inflammatory Rheumatism, accompanied by Constipation and distressing pains in my kidneys and liver. I was treated by skillful physicians and subjected myself to all the restrictions and denials of appetite that the most vigorous advocates of low diet and plain food could suggest. I tried Hathorn, Hunyadi, Vichy, Apolinaris, and nearly every water that comes to this country from over the ocean, and a large number of the qualities produced in this country. I took a trip to England and drank freely of the water that has recently been discovered in the suburbs of London, called the "Fleebwick Chalybeate Spring," and from which I derived more benefit than from all the preceding waters, but having, by accident learned through William H. Scott, of this place, of the wonderful Geneva Mineral Water, and of the number of cures and speedy relief it afforded those who have tried it, concluded to give your health restorer a trial, and this is the result; I have gained considerably in weight, am free from Rheumatism, have been astonishingly relieved from kidney and liver difficulty, am now entirely free from indigestion and constipation.

Without being importuned to do so, and with no other desire under heaven than that of benefiting others afflicted as I have been, I make this public attestation of the wonderful merits of the "Geneva Mineral Water."

From observation and experience of parties with whom I have come in contact, I feel convinced that there is no other proprietary remedy in the market that possesses the efficiency or will effect the results obtainable by this water, for Diabetes, Gravel, Incipient Bright's Disease, Piles, Rheumatism, Hernia, Fistula and Constipation, and if no cure is effected, no harm can occur to the patients.

W. W. KINSBURY.

Had Rheumatism.

HOTEL ST. ELMO, MONTICELLO, FLA., Feb. 17, 1890.

The Geneva Mineral Water gave great satisfaction and cured a case of Rheumatism completely which had become very troublesome.

Yours truly,

M. E. GREGG.

HOTEL PONCE DE LEON, ST. AUGUSTINE, FLA., Feb. 16, 1892.

I want some more of your Geneva Mineral Water. Send by express, a package, whichever you think best. Like it very much. Your valuable Water must be drank by my branch of the Latin family.

Yours very truly, L. LAFLIN.

WHAT THE GENEVA MINERAL WATER DID IN WASHINGTON, D. C.

Had Intestinal Catarrh.

113 PA. AVE., N. W. WASHINGTON, D. C., Oct. 14, 1889.

During a period of seventeen years I have been a constant sufferer from Intestinal Catarrh and Dyspepsia, consequent loss of sleep, etc. Having almost exhausted the pharmacopoeia in my efforts to obtain relief, I resorted to the Geneva Mineral Water, though I confess I was a confirmed skeptic as to its curative powers. I have now been using it about six weeks, and while I do not affirm that I am cured of my ailment, I can, with truth, state that I am entirely relieved, my appetite is getting ever more, I sleep restfully and am gaining flesh steadily. More than this improvement I could not expect in so brief a period as six weeks.

I have, however, to say that from the time I had finished taking my first gallon the improvement began and has kept up steadily. I therefore take pleasure in recommending it to all who suffer in the same manner as I did as the simplest, yet most effectual remedy for GASTRIC AND INTESTINAL TROUBLES.

Yours respectfully,

HENRY C. THOMPSON, D. D. S.

[Second letter from Dr. Thompson.]

WASHINGTON, D. C., Jan. 29, 1890.

I have been taking your Geneva Mineral Water since September last, and am free to say that I am as well a man as one could desire. As I told you in my last communication, up to the time I began the use of this wonderful remedy I was a great sufferer from Dyspepsia and Gastric Catarrh, and have been for nearly nineteen years. That, notwithstanding every remedy recommended, seemed incurable until I happily heard of the Geneva Water, and notwithstanding my skepticism at first, am now prepared to say it alone has been the agency of my cure. I take pleasure in recommending it to all who suffer as I used to. At this time I have a suggestion to make. It is that the necessity of perseverance in its use being impressed on those who use it, it being a remedy which, though it relieves one almost immediately, requires to be used continually for a time in order to have its effects of permanent value. With gratitude I am

Yours truly,

HENRY C. THOMPSON, D. D. S.

Had Kidney Trouble.

"THE REPUBLIC," WASHINGTON, D. C., EDITOR'S OFFICE.

I wish to add my testimony to the curative qualities of the Geneva Mineral Water, as I have received great relief in 24 hours from kidney troubles. I have had to wear a porous plaster constantly, which I have now discarded. Respectfully yours, etc.

J. O. MERCER.

Had Bleeding Piles.

WASHINGTON, D. C., Feb. 14, 1890.

I have been a sufferer from Bleeding Piles for over twenty years. Have tried all remedies, but found no relief until I tried your Geneva Mineral Water. After using about ten gallons I find I am cured, and cannot say too much for it, its curative properties are immense and I recommend it to all who suffer as I did. Yours truly,

W. H. RODGERS,

811 7th Street, S. W.

Had Piles.

WASHINGTON, D. C. Sept. 23, 1889.

I send you this certificate in appreciation of your wonderful Mineral Water, trusting it may reach the eye of other sufferers. I have been afflicted with Piles for the past eleven years, never going to the stool without having to put the intestines back by artificial means. Tongue cannot express my suffering. I have tried every known remedy, but obtained no relief until I was advised to give the Geneva Mineral Water a trial. This I did; to my surprise, after using the water internally and externally for twenty-four hours I was relieved. I have used the water freely for the past three months and find that the Piles are entirely cured. I shall ever be thankful that I was prevailed upon to give Geneva Mineral Water a trial and will cheerfully recommend it to all who are afflicted as I was. Yours truly,

ROBERT A. HARVEY,

711 Market Space.

Had Indigestion.

WASHINGTON, D. C. Oct. 12, 1889.

Twenty years afflicted with Indigestion until I gave Geneva Mineral Water a trial. It has done wonders for me and it acted instantaneously. The day I called at your office to make inquiry as to the Geneva Water, I had an unusually severe attack, and I drank three glasses while at your office and by the time I had reached my store, 713 Market Space, I was relieved and free from that distressed feeling. I have been drinking the Mineral Water freely for the past four weeks and feel positive my indigestion is completely cured.

Very respectfully yours,

GEO. J. JOHNSON.

Had Constipation.

WASHINGTON, D. C., Jan. 1893.

"I have been drinking your Geneva Mineral Water every morning since last January, and find it to act as a mild and effective laxative and an agreeable substitute for the nauseating medicines usually taken by persons subject to Constipation."

Yours respectfully,

JAS. H. MCGILL, (McGill Building),

908-914 G Street, N. W.

Had Eczema.

WASHINGTON, D. C., Oct. 1, 1893.

"I shall ever be thankful to you for introducing me into Washington City the Geneva Mineral Water. I have had Eczema on my hands for years and have paid out a fortune for different medicines that were said to be positive cures, but they did not cure in my case. Hearing of the Geneva Water through one of your newspapers I ordered a carboy, and I drank and washed my hands with it and to my delight, in less of ten days the Eczema had disappeared and my hands are just as free from any signs of the disease as a new born child."—Thanking you again, I am yours truly,

HENRY COPPERTHITE,

1411 32d Street, W.

Had Acidity of the Stomach.

WASHINGTON, D. C., Aug. 5, 1893.

"For more than six months I have been taking Geneva Mineral Water and take pleasure in stating that it relieves almost immediately Acidity of the Stomach, Indigestion and Heartburn. I regard it as the finest Mineral Water known for troubles of the Stomach, and cheerfully recommend it."—Respectfully,

J. G. HESTER,

27 B. Street, N. W.

Had Dyspepsia.

WASHINGTON, D. C., Aug. 10, 1893.

"Being asked what Geneva Mineral Water has done for me, I will say—When I first drank it I was skeptical as to results, but after using the prescribed quantity, my Dyspepsia had entirely vanished and I now cannot praise it too highly."—

U. S. ROULETTE,

McGill Building.

Had Hemorrhoids.

WASHINGTON, D. C., July 6, 1893.

"For a long time I have been a sufferer from Hemorrhoids and hearing that the Geneva Mineral Water would afford relief, I used and found that it did all and more than was claimed for it. Since using the water I have not had a return of the trouble, and cheerfully recommend it to all."—It also cured my wife of Indigestion.

WILLIAM S. GILL,

10th & F. Street,

Had Rheumatism.

WASHINGTON, D. C., Sept. 8, 1893.

"I have found the Geneva Mineral Water to be the best remedy for Rheumatism and Insomnia that I have ever used or heard of, and take pleasure in endorsing it."

LEANS (L) STAPMAN FOLEY to have Circle

Had Neuralgia.

WASHINGTON, D. C., June 26, 1893.

"I write to thank you for the great good the Geneva Mineral Water has done me. I was en route to Richmond to have the nerves in my face cut to cure my Neuralgia, but was stayed by a telegram from my brother, Mr. W. D. Clark, of Washington, who said there was a curboy of the 'the greatest water on earth' on the way for me to try. Its effect was marvellous, and to-day I am what I have not been for twelve years, free from that torturous Neuralgia."

MRS. T. H. CHILDRESS.

Had Stomach Trouble.

WASHINGTON, D. C., Sept. 2, 1893.

"After giving the Geneva Mineral Water a thorough test, I can conscientiously say that it has done for me what \$2,000 spent on other remedies has failed to do. To any one suffering from Stomach troubles, take my advice and experience and lose no time in getting Geneva."

W. T. HARRIS, "The Cochran."

Added Flesh.

WASHINGTON, D. C., Sept. 10, 1893.

"It affords me genuine gratification to testify to the very beneficial effects upon my system of the Geneva Mineral Water. After various remedial agencies, habitually and honestly used and applied, I tried a few weeks use of Geneva Water with reality wonderful success; in that, it rapidly added flesh to my nominally thin frame, and I believe I will actually grow fat with its continued use."

LEO WHEAT.

Had Rheumatism.

WASHINGTON, Nov. 3, 1893.

"Geneva Mineral Water has done me great good and I cannot do without it. Since drinking it my Rheumatism has no terrors for me, and I advise all afflicted with that trouble to try it."

F. FREUND, Caterer, 9th & G. Streets.

"The effect of the Geneva Mineral Water on me has been so good that I want all my friends to use it and get good health. I am now through with drinking other waters."

W. D. CLARK, 809 & 811 Market Square, Washington.

"Having used the Geneva Mineral Water, I am willing to attest its good qualities in its beneficial effect on the system. It is a splendid medicinal water."

E. B. HAY, Attorney, 1425 N. Y. Avenue, Washington.

"A friend of mine who had received great benefit from using the Geneva Mineral Water first induced me to try it in my family, and I find that it possesses all the virtues claimed for it."

ELDRIDGE SMITH,

Washington Loan and Trust Building, Washington.

"I have used the Geneva Mineral Water for the past three months, and take pleasure in adding my testimony in behalf of its merits."

E. W. BRADFORD,

1420 F Street, N. W., Washington.

WHAT THE GENEVA MINERAL WATER DID IN BALTIMORE, MD.

Had Dyspepsia and Nervous Headache.

OFFICE DR. CHAS. S. GRINDALL, BALTIMORE, JAN. 30, 1890.

I have suffered many years with Dyspepsia but since using the Geneva Mineral Water have improved in health and have not suffered with Nervous Headache since using it.

Respectfully,

CHAS. S. GRINDALL D D S

Had Stone in Bladder.

BALTIMORE, Md., Dec. 19, 1889.

I have been a sufferer with Gravel for five or six years and during that period I have been almost prostrated by the violence of the attacks. I have tried many remedies and until I tried the Geneva Mineral Water, which was recommended by my physician and others, I never felt safe from an attack of this dreadful malady.

The bottle I send herewith contains particles of gravel which I have been relieved of since I used the Mineral Water, and I send them to you that you might show them to those concerned, in order that they might be convinced of the great curative properties of this singular water. From this time I have every reason to believe that the Geneva Mineral Water will dissolve gravel in the human system, and I confidently recommend it to those who, like myself, have had to endure the torture incident to that disease.

I am very truly yours

CHARLES H. EVANS
(of Thomas & Evans, Printers.)

Had Catarrh of the Bladder.

BALTIMORE, Md., Jan. 28, 1890.

I have suffered for the past ten years with severe pain in my Bladder. Some physicians said it was Catarrh of the Bladder. Could not sleep, had constant desire to urinate. Sometimes I had to get up ten or twelve times a night. I began using the Geneva Mineral Water on the 23d day of December, 1889, have used up to date six gallons. I was very much surprised at the benefits derived from the first bottle and am now perfectly astonished. I sleep soundly, my mind is clear and natural. I am the first mouth in ten years that I could sleep without the use of Holland's Cat. which was the only thing I could get relief from until I tried the Geneva Mineral Water.

Yours respectfully,

R. E. CHAMBERS, 1317 John Street

Had Rheumatism.

BALTIMORE, Jan. 22, 1890.

I feel it my duty, as I have derived so much benefit from the Geneva Mineral Water, to make this statement. I have suffered from Rheumatism, and at times my hands have been so swollen that it was impossible to attend to business. Having used many waters without effect, I had almost become discouraged; but passing by your office and seeing so many people going in and out, I naturally concluded there must be some virtue in the water. I gave it a trial, and to my surprise have not felt a return of the pain. A friend of mine had Dyspepsia; I advised the use of Geneva Mineral Water. He did so and it effected a complete cure. I remain, under many obligations,

Yours truly,
W. S. NORRIS, D. D. S., 209 N. Charles Street.

Had Liver and Stomach Trouble.

BALTIMORE, Md., Jan. 3d, 1890.

I have been for many years a sufferer from Liver and Stomach Troubles, Loss of Appetite, Indigestion, etc., and have used the waters from most of the prominent mineral springs in the United States, and visited the Bedford Springs of Pennsylvania, the Greenbrier White Sulphur of West Virginia, and the famous Hot Springs of Arkansas. For the last three or four weeks I have been using the Geneva Mineral Water from Geneva, N. Y., which has done me great good, and I consider it worth all the Mineral Water that I have ever tried.

Yours truly,
(Mr. Bayly was the builder of the bridge over the Mississippi at St. Louis.—Ed.)

C. W. BAYLY,

[Second Letter from Mr. Bayly.]

BALTIMORE, Feby. 10, 1894.

"In 1890 I wrote you the benefits I had received from the use of the Geneva Mineral Water in Liver and Stomach TROUBLE, from which I had suffered many years. Since then I have continued the use of this water, at times, besides visiting the Springs at Geneva, N. Y., and always with increased benefit. I now pronounce the "Geneva" the best Mineral Water known."

C. W. BAYLY.

Had Torpid Liver 40 Years.

BALTIMORE, Md., Feb. 11, 1890.

This is to certify that I have been a sufferer from Torpid Liver for the last 30 or 40 years, and have been using the Geneva Mineral Water for one month or six weeks, and find a great amount of relief and benefit; find it acts upon the kidneys beneficially also; and cheerfully recommend it to all who suffer from Torpid Liver.

Respectfully,
W. H. NICHOLSON, Masonic Temple, Baltimore, Md.

Had Kidney Trouble.

BALTIMORE, Md., Oct. 1, 1893.

"Early in '93 I had an attack of ACUTE Kidney TROUBLE, many of the symptoms resembling "Bright's," during which time I lost over 25 pounds in weight and felt very uneasy about my condition. When, on the advice of my physician, I began to use the Geneva Mineral Water and experienced the greatest relief from it. I continued using the water until I had regained my former weight and now feel, in every respect, a well man."

Yours respectfully,

JAMES M. BYRNE,

236 N. Front Street.

Had Nervous Dyspepsia.

BALTIMORE, Md., Sept. 21, 1893.

"Last December being much run down generally and suffering from a long standing case of Nervous Dyspepsia, I heard of the Geneva Mineral Water and resolved to try it. I began to improve immediately, and before my first five gallon lot was gone, felt like a new man. When I began to use the water, I weighed but 122 pounds, but by May 1st, had added 18 lbs. to my weight. I write this letter with the hope that some other suffering brother or sister may, through it, find as much benefit from the use of the Geneva Water as I have."

THOS. H. RIDGELEY, Attorney.

225 St. Paul Street.

Had Stomach Trouble.

BALTIMORE, Md., Feby 1, 1894.

"After continuous and thorough use, I believe the Geneva Mineral Water to be the best remedy for Stomach troubles and Neuralgia, and I sincerely wish it all the success that its value deserves."

LINN W. MILLER.

With Carlin & Fulton.

Had Rheumatism.

BALTIMORE, Md., Dec. 3d, 1891.

"I return by express one empty jug—kindly send me another at once. The Geneva Mineral Water is a great drink for Rheumatism."

J. H. SCHONT.

With Drovers & Mechanics National Bank

Had Chronic Rheumatism.

BALTIMORE, Md., Oct. 6, 1893.

"It affords me great pleasure to acknowledge the merits of the Geneva Mineral Water. For fifteen months I was totally disabled by CHRONIC Rheumatism, suffering terribly day and night. Two of our best physicians attended me and I must say, to their credit, that they exerted all their skill to restore me to health and strength again, but my case baffled them. One of these physicians acknowledged that he had tried everything, but no medicine appeared to take any hold on my system. I heard of the Geneva Water and determined to try it. After drinking it for one week, I could feel a great change, at the end of three weeks I put my canes away, and at the expiration of six weeks I went to work with the B. & O. again. Not one single day have I lost since the 15th of December, and I earnestly advise anybody suffering from Rheumatism to give the Geneva Mineral Water a fair trial. Everybody who knows me and had seen me in my illness, admits that my cure is certainly wonderful."

LOUIS A. BETHKE.

120 Patterson Park Avenue.

Had Indigestion.

BALTIMORE, Md., Sept. 27, 1893.

"I have used the Geneva Mineral Water since January last, and have derived from its use continuous benefit. I shall continue its use and recommend it to those who suffer from Indigestion."

H. F. TURNER.

of Rob't. Turner & Son, 105 S. Frederick St.

Had Stone in the Bladder.

SALISBURY, Md., Feby. 20, 1893.

"I desire to express my satisfaction in the use of the Geneva Mineral Water. Yesterday I passed a stone the size of a large grain of coffee, which has troubled me for a long time and for three weeks this stone has been in the neck of my bladder giving me intense pain. For nearly a year I have been compelled to use Morphine, from one to five times each week during the attacks of the pain, but I have not had an attack since I began to use this water. I am now a firm believer in the water, for the stone passed shows very plainly the little furrows cut by the action of the water upon it. You are at liberty to use this as a testimonial."

A. A. GILLIS.

of B. L. Gillis & Son, Grocers,

Had Inflammation of the Bladder.

FREDERICK, Md., Oct. 2d, 1893.

"My wife had Inflammation of the Bladder for a long time, and the benefits from the use of the Geneva Mineral Water were marked indeed. She is using it in preference to all medicine. A friend of mine who was very ill of the same trouble, and I fearing he would die, but I got the consent of his doctor to having him use the water, and he commenced to improve at once. He now believes that the water saved his life. This is my experience and my opinion.

A. J. DeLASHMUTT.

Had Bladder Trouble.

FREDERICK, Md., Oct. 3d, 1893

"The constant irritation or nervousness in my lower limbs, from the knees down particularly, has subsided from the use of the Geneva Mineral Water; my Bladder TROUBLE has passed off and I feel sure that a little more of the water will restore me to what I was before the Grippe struck me. I feel thankful to your great remedy for my present condition of health. Send me another carboy at once."

BENJ. F. BROWN.

BALTIMORE, Md., Nov. 1, 1893.

"I have used your Geneva Mineral Water for the past six months with a great deal of satisfaction, and take pleasure in recommending it to my friends and the public."

S. A. HOUSE, Bradstreet's.

BALTIMORE, Md., Oct. 7, 1893.

"I have used the Geneva Mineral Water in my family during all the past summer, and I believe with great benefit."

DANIEL MILLER

of Daniel Miller & Co.

BALTIMORE, Md., Dec. 26, 1893

"We are pleased to state that where your Water has been used by our patrons that it has given very general satisfaction, and in consequence, we find a steady increase of sales."

THOMAS & THOMPSON.

WHAT THE GENEVA MINERAL WATER HAS DONE IN NEW YORK.

Had Biliousness.

NEW YORK, March 3, 1891.

I have drank the Geneva Mineral Water freely and cannot speak too highly of it. For Biliousness and Headache I can strictly recommend same. It has also cleared my complexion of the yellow look occasioned by bile. I wish you every success with it in New York.

Respectfully yours,

MRS. E. NICHOLSON, Hotel Bartholdi.

Had Kidney and Bladder Trouble.

33 BROAD ST., NEW YORK, January 26, 1892.

I have tried the Geneva Mineral Water and found more immediate relief from its use than from any of the various Lithia Waters sold, nearly all of which I have tried. I do not hesitate to recommend it to those affected with Bladder and Kidney Troubles.

H. H. FINLEY.

Had Nervous Dyspepsia.

36 WALL STREET, NEW YORK.

"It gives me great pleasure in testifying to the good results I have had from the use of the Geneva Mineral Water in Nervous Dyspepsia. I was a great sufferer from this complaint, and had used many different mineral waters without much relief. After four weeks' use of Geneva Water, I feel that I am entirely cured and would recommend it to other sufferers from this complaint."

Yours truly, C. A. JANSEN."

Had Catarrh of the Stomach.

NEW YORK, January 27, 1892.

Having been troubled for years with Dyspepsia, Catarrh of the Stomach and lately with Bladder and Kidney Trouble, I was induced to try Geneva Mineral Water. I am happy to say the Geneva Water has done me more good than all others. Would add that in Dyspepsia and Weak Stomach, using it hot before meals adds to its beneficial effects.

G. W. HOPE. With Hazard, Hazard & Co.

Had Bladder and Kidney Trouble.

CUSTOM HOUSE, NEW YORK, Feb. 4, 1892,

Two months ago I had a severe attack of the "Grippe," which left me with Bladder and Kidney Trouble. I was advised to take the Geneva Mineral Water by a friend who had been afflicted the same way. I have taken it and it has removed all trouble. I advise all those who suffer with Bladder and Kidney Trouble to take the Water, as it is a "sure cure."

Yours truly, GEO. M. DUSENBURY.

Had Indigestion.

NEW YORK, January 24, 1892

It gives me great pleasure in advising all sufferers from Indigestion to use the Geneva Mineral Water, as it has worked wonders for me. I drink it hot before eating.

Yours most respectfully,

A. M. PLATT, St. James Hotel.

Had Stone in the Kidney.

"Having been a sufferer from Stone in the Kidney for some years, I was persuaded to try Geneva Mineral Water. After using the water for some weeks, I was relieved by passing a calculus about the size of a plum-pip, and since then have had no return of the trouble."

JOHN W. CRUMP, 61 Broadway, New York.

"Please send me another canboy of Geneva Mineral Water. As my whole family are drinking it, it does not last long. It is the best water I have ever tried for Dyspepsia and Constipation. It works splendidly."

L. W. HANDREN, New York.

Had Dyspepsia.

"For many months I have been drinking the Geneva Mineral Water daily for Dyspepsia complicated with Gouty Rheumatism, and I have experienced great benefit from it. No other Mineral Water I have tried has done me so much good, and I have pleasure in bearing testimony to its excellence."

B. B. VALENTINE, ("Fitznoodle,") Late Editor *Puck*.

"Have used the Geneva Mineral Spring Water for several years, and I consider it the best in this country or any other. It is the best general water good for any complaint. Shall have several cases sent to Tampa Bay Hotel this winter."

LYCURGUS LAFLIN, Fifth Avenue Hotel, New York.

Had "La Grippe."

NEW YORK, May 1, 1893.

For the last three springs I have used your brand of water for relief of "La Grippe," and can conscientiously say that there is not an equal to it when it comes to building up the stomach, toning the system, aiding digestion and making one feel that life is worth the having.

It certainly destroys the uric acid which is the chief cause of Rheumatism—for I have never had that disease since first imbibing the water.

I can recommend it to all sick persons, and know full well it will be of benefit to them.

I would not be without a glass of this aqua pura each night and more for a good deal of money.

Trusting that fortune will always smile on the handlers of this refreshing liquid, I am,

Yours truly, CURTIS ST. JOHN, Expert Stenographer.

WHAT THE GENEVA MINERAL WATER HAS DONE IN BROOKLYN.

Had Catarrh of the Stomach.

BROOKLYN, Jan. 4, 1893.

About three months ago a friend requested me to try Geneva Mineral Water for Catarrh of the Stomach and Indigestion. As I had tried a great many other Mineral Waters, and they had failed to give me any relief, it was some time before I could be prevailed upon to give your water a trial, as I considered it the same as the rest, a humbug. I called at your office, with a friend, and decided to give the water a good trial, as per your request, and to-day I feel like a new man, being able to eat anything, and I cannot recommend your water too highly.

W. B. LINDSAY.

Agent Wells, Fargo & Co., Express.

Had Insomnia.

BROOKLYN, Dec. 20, 1892.

For the past twenty years I have suffered from Chronic Constipation, and last winter I was attacked with Nervous Dyspepsia and Insomnia, often not getting over two or three hours' sleep at night. Having consulted many physicians, tried various remedies and drank many native and foreign mineral waters without obtaining any permanent relief I was induced about three months ago to try the GENEVA MINERAL SPRING WATER, and to my surprise and delight find my health very much improved. The Chronic Constipation and Nervous Dyspepsia, which made life almost a burden to me, has entirely disappeared, and I now sleep six or seven hours every night. I assure you it affords me much pleasure to testify to the great benefit the three months' use of the GENEVA MINERAL WATER has afforded me.

D. P. CLAPP,

111 Hicks Street.

Had Dyspepsia.

BROOKLYN, Jan. 18, 1893.

I have taken the GENEVA MINERAL WATER for some time, and am glad to say I have found it beneficial in many ways, and feel safe in recommending it to all of my acquaintances.

EDWARD FACKNER,

201 Montague Street.

BROOKLYN, Dec. 20, 1892.

I have used Geneva Mineral Water in my family ever since your depot was established in this City. I have also visited the Spring, and must say you have the best, the purest and the most wonderful medicinal Mineral Water in the world. I have recommended the Water to many friends for different ailments, and not a single one but what obtained immediate results, and speak of it in the very highest terms.

ALONZO BRYMER,

Arbuckle Building.

Had Uric Acid.

BROOKLYN, Dec. 30, 1892.

I take great pleasure in testifying to the merits and curative properties of your Geneva Mineral Water. I have only been taking it a short time and can cheerfully say it has been more beneficial to me than any other medicine or mineral water I ever used: in fact, I think it has effected a permanent cure. I advise all who are suffering with dyspepsia or uric acid difficulty to give this wonderful water a trial, feeling sure its merits will be appreciated by all who are troubled in like manner.

DELANCEY F. NICHOLS,
Germania Building.

Had Bladder Trouble.

BROOKLYN, Dec. 29, 1892

It gives me great pleasure to write and tell you what GENEVA MINERAL WATER has done for me. A few months ago I was subjected to an attack of bladder trouble. I tried a number of doctor's prescriptions, but seemed to experience no relief. A friend advised me to try your Mineral Water and I did so. Had been unable to move about in my bed for two weeks, but after using the water for two days was fully recovered so that I was about the house and felt as well as ever except for a slight weakness, which soon passed. I would highly recommend this Water to all persons, young or old, who are subject to any of the diseases that are cured by this wonderful Water.

WILLIS J. DOWNING,
346 Schermerhorn Street.

Had Grippe.

BROOKLYN, Jan. 9, 1893.

From actual experience in the use of and a personal test of the Geneva Mineral Water, of Geneva, N. Y., I can most emphatically and confidently speak of its wonderful healing properties and medicinal virtues. Any one suffering from the after effect of the Grippe, Nervousness, Rheumatism, Stomach or Kidney trouble will by a judicious use of this water be immediately relieved and by a persistent use be radically cured."

C. L. KING,

Superintendent of Manufacturers' Accident Indemnity Co.

Had Nervous Dyspepsia.

BROOKLYN, Feb. 28, 1894.

It affords me great pleasure to state what wonders your Geneva Mineral Water has done for me. Up nearly months ago I had been for over two years suffering from the most aggravated form of Nervous Dyspepsia. I took Geneva Mineral Water according to directions for about two months and it has entirely cured me.

I had used everything previous to taking Geneva Mineral Water and without obtaining any relief. Yours

GEORGE L. WEED,
875 Fulton Street,

Ha Pain in the Back.

BROOKLYN, Jan. 4, 1892.

"So prompt and pronounced has been the benefit I have derived from a few days' use of the Geneva Mineral Water, that I feel called upon to write you in acknowledgment. An attack of 'the Grippe' some two months ago left me exceedingly debilitated; my stomach was completely deranged, and, of course, I had no appetite, while I suffered constantly from pains in my back in the region of the kidneys, and, to sum up my condition in few words, I was most miserable. My doctor's prescriptions did not apparently do me the least good, and he offered me but the poor consolation that 'my difficulties would in time wear off.' At this juncture my attention was called to your brand of mineral water as being effective, and I began using it, though, to confess the truth, I had little faith in its virtues. However, as early as the third day I felt vastly better, and each succeeding day I was conscious of steady improvement until, at the end of a fortnight, my disabilities had wholly disappeared and I actually felt better than before my sickness. You may be sure I shall commend the Geneva Mineral Water to any and all unreservedly in ailments such as mine, for I have proved its value and know whereof I speak."

D. L. SUTHERLAND,

600 Halsey Street.

Had Stone in the Bladder.

BROOKLYN, March 21, 1893.

This is to certify that I am using the Geneva Mineral Water with the greatest benefits. It dissolves Stone in the Bladder and gives great relief. I have used other waters but they cannot compare with the Geneva, therefore I consider it the best, and will accomplish what no other can. I cheerfully recommend it to all who are afflicted with Kidney Trouble and kindred complaints.

MRS. COLMAN,

66 High Street.

Had Kidney Trouble.

ROCKVILLE, CENTRE, L. I., Jan. 18, 1894.

DR. A. D. ROSENTHAL, Hempstead, L. I.

DEAR SIR:—I really cannot find words to express the gratitude I feel toward you for putting me on the track of "Geneva Mineral Water." Although I have only taken two bottles of it I can feel its grand effects, and firmly believe that in it I have at last found a cure for my trouble. I am more than thankful to you for your kindness.

Yours truly,

J. R. MANGLES.

SUPREME COURT CHAMBERS, BROOKLYN, N. Y., Jan. 12, 1892.

You can refer to me as to the merits of the Geneva Mineral Water. I am now using it and regard it the best diuretic water I have ever tried.

Respectfully yours,

C. E. PRATT,

WHAT THE GENEVA MINERAL WATER DID IN ST. LOUIS, MO.

Had Stomach Trouble.

St. Louis, April 10, 1891.

I have suffered many years with Indigestion and Stomach Trouble and I was compelled to be very careful in my diet. Since using the Geneva Mineral Water I can eat anything and everything and it agrees with me.

Yours truly,

P. H. BIERMAN.

620 Chestnut Street.

Had Diabetes.

BARNES' SHORTHAND SCHOOL, LACLEDE BUILDING.

St. Louis, Mo., April 23, 1891.

I have received so much benefit from the use of your Geneva Mineral Water during the last two months that I deem it only an act of justice to give you the history of my case. In 1890 I was taken with a severe case of La Grippe, which terminated in an aggravated case of Rheumatism, and while ill with that I suffered greatly with thirst that I could not quench. This thirst continued. In the fall my health was worse. My sleep gave me no rest and when I awoke and I was always tired. Although I drank a great deal of water, my intense thirst continued, with a constant dryness in my mouth. I tried lime juice, oranges, etc., but the thirst and the tired feeling still remained. My urine increased to three times its normal discharge. My senses of smell and taste grew less. I sought aid from the best physicians but they could not relieve me.

About Feb. 20, out of curiosity I went in your office and drank some of the Geneva Water, just as a gallon and carried it home. It quenched my thirst.

The test of my urine showed a large quantity of sugar, the specific gravity was 1018. In short, I had a well developed case of Diabetes.

Under your advice I eat nothing containing sugar or starch and drank no other water. In six weeks the gravity of my urine was reduced to 1020 and yesterday it was still normal, 1020. No sugar. My thirst does not return, my sleep refreshes me, my tired feelings have passed away, I have no dryness in my mouth, have smell and taste and enjoy life.

Yours truly,

ARTHUR J. BARNES.

I have now been using Geneva Mineral Water freely for over a year with gratifying results. I have found it a very excellent aperient and very beneficial in Diabetes or any troubles of the Kidneys and Urinary Organs.

THOS. WIGHTMAN.

1647 S. Jefferson Ave., St. Louis, Mo.

"I have used the Geneva Mineral Water with very decidedly beneficial results, and am satisfied that it has all the merits claimed."

EDW. H. SEMPLE,

Semple & Lowe, St. Louis, Mo.

"I was the first person in the city to handle your Geneva Mineral Water, and am still handling it in larger quantities than ever. Purchasers report most excellent results from its use, and physicians prescribing it report more than satisfactory results."

ALBIN MELLIER,

Pres't Mellier Drug Co., St. Louis, Mo.

Had Stone in the Bladder.

ST. LOUIS, Mo., May 18, 1891.

I have been sorely afflicted with gravel during the past ten years, and at times suffered the most intense pain. Within the past two months I have had two very severe attacks; and just as I had the last one I met Mr. Pickering, Agent Continental Line, and informed him of what I had just passed through. He kindly recommended the use of Geneva Mineral Water. I hastened to you and purchased first one bottle and continued using same until I drank six gallons, but before I had commenced on the fifth bottle something of a starchy nature passed from me about the size of a gum drop, which afforded me great relief. Up to date I have not felt any symptoms of the disease, and must say your Mineral Water has accomplished wonders for me and I cheerfully recommend the use of same to all those suffering with Gravel and kindred troubles.

Yours truly,

W. S. DURBOROW,

Contracting Agent Lackawanna Line.

Had Rheumatism.

"Having for years past been troubled with Indigestion, Liver Trouble, Rheumatism and Neuralgia, I must say Geneva Mineral Water has made me enjoy better health than for many years, being now entirely free from every physical difficulty. You may refer to me personally for substantiating evidence of its beneficial results."

JAMES J. SYLVESTER,

66 Laclede Building, St. Louis, Mo.

Had Indigestion.

"You requested me to give my opinion of the Geneva Natural Mineral Water, it is this: For a number of years I have been troubled with my stomach and with Indigestion. I tried a number of remedies, but with very unsatisfactory results. A friend recommended me to use Geneva Water. I did so, and after giving it a thorough trial of two months, I can truthfully say it has done me more good than anything I have ever tried, and I think I will not have to use the water but a short time longer to effect a permanent cure. My stomach now is in the best of condition and I enjoy eating. I consider the Geneva Mineral Water of the greatest value in cases of Indigestion and Stomach Troubles."

C. B. McCORMACK, Contractor, 105 North 5th St., St. Louis, Mo.

WHAT THE GENEVA MINERAL WATER HAS DONE IN PITTSBURGH, PA.

Had Rheumatism.

PITTSBURGH, Pa.

"It gives me great pleasure to state that I have been using Geneva Mineral Water for about three months and have found it all you claim for it as a specific for Rheumatic complaints. I feel that I can confidently recommend it to my friends and the public generally."

JOHN D. BUQUERT,

61 Fourth Avenue.

Had Throat Trouble.

PITTSBURGH, Pa.

I have been using Geneva Mineral Water for some time and as a regulator I find it an excellent medicine. I have for a number of years had throat trouble; the water seems to have a soothing effect on my throat. I shall continue to use it and will cheerfully recommend it to my friends and acquaintances.

Wishing the Geneva Mineral Water its merited success.

PAUL LUBBKERT,

149 Sixth Avenue.

Had Bladder Trouble.

PITTSBURGH, Pa.

Through the advice of my physician I have been using Geneva Mineral Water for Kidney and Bladder Complaints and can truthfully say that I have received great relief. I am using it right along and would not be without it.

MRS. J. MCGARVEY,

1 Herron Avenue.

Had Kidney and Bladder Trouble.

PITTSBURGH, Pa.

I must state that the five gallons of Geneva Mineral Water has done me more good in two weeks than the medicine I have taken in the last five years. I have been suffering with Kidney and Bladder Trouble and also with Acid Urine. I have tried several good physicians but could get no relief. I take great pleasure in recommending the Water.

G. A. SUTTLER,

57 Fourth Avenue.

Had Constipation.

PITTSBURGH, Pa.

I have this to say of Geneva Mineral Water. I have suffered for five or six years with Constipation and occasionally Piles. About four months ago I began using Geneva Mineral Water and have been entirely relieved of both, and can recommend it to anyone suffering from either Constipation or Piles.

J. PATTERSON,

61 Fourth Avenue.

WHAT THE GENEVA MINERAL WATER DID IN ROCHESTER, N. Y.

Had Sciatic Rheumatism and Kidney Trouble.

ROCHESTER, N. Y., Sept. 16, 1891.

I have been troubled with Sciatic Rheumatism and Kidney difficulties for over two years. It is with great pleasure that I add my testimony to the Geneva Mineral Water. I commenced on it June 23d, and after three weeks' use I felt entirely well, and now consider myself cured completely.

Very truly yours,

VERNON J. DURKER,
with Sunderlin & Co., 20 State St.

Had Bright's.

ROCHESTER, N. Y., Feb. 9, 1892.

I suffered over one year with Urinal and Bladder Troubles, and through time and negligence my kidneys became affected with Bright's Disease, of which I suffered over two years. Not until I partook freely of your Geneva Mineral Water did I get relief. and am now happy to say that, after four weeks' using, my urine is entirely free from casts and albumen, and I am as sound as a dollar.

Yours sincerely,

B. W. GERNANDT, 109 Martin St.

THE POST-EXPRESS,)

ROCHESTER, N. Y., March 11, 1892. }

After using the Geneva Mineral Water in my family for several months, I do not hesitate to pronounce it as most excellent for all the uses claimed for it.

Yours truly,

DANIEL T. HUNT.

ROCHESTER, N. Y., March 11, 1892.

I have used your Geneva Mineral Water, both in Chicago and here, and consider it the best water known for Kidney and Liver Troubles.

Yours sincerely,

JOSEPH U. CHENET,
Manager "Academy."

ROCHESTER, N. Y., Jan. 6, 1893.

From even the small quantity of your Geneva Mineral Water that I have used I can truthfully bear testimony to its wonderful medicinal qualities from the beneficial effects produced on me.

Yours, etc.,

(REV.) J. P. STEWART,
Pastor St. Mary's R. C. Church

WHAT THE GENEVA MINERAL WATER HAS DONE IN BOSTON, MASS.

Had Rheumatism.

204 W. SPRINGFIELD STREET, BOSTON, MASS., July 15, 1889.

The past three months I have been troubled with Rheumatism in my right leg and shoulder, and in no way could I get relief. I was induced to try your Water. After taking only two baths and drinking the water, the benefit I received was simply wonderful. When I can tell you that I went thirty miles out of my way to take the second bath and a drink of the Water, you can rest assured I think well of the GENEVA MINERAL WATER.

Yours respectfully,

H. E. NEEDHAM.

Had Diabetes.

BOSTON, MASS., Jan. 28, 1893.

"It gives me much pleasure to add one more to the many testimonials regarding the healing powers of the GENEVA MINERAL WATER. Some time ago I was unfortunately taken with a sharp attack of Diabetes, and continuing under my doctor's care for several months I found I was not making great progress; a friend of mine called my attention to GENEVA MINERAL WATER, and advised me to try it. Feeling sure it would help me," I investigated it thoroughly and found nothing but encouragement from those who had been using it, and I did try it, drinking the water freely, and can assure you that I had not used it twenty-four hours before I got relief and cheerfully recommend it to all who are in any way broken in health, to try it by all means. I consider it the Water of all Waters.

C. A. E. EWING, 93 LINCOLN STREET.

Had Dyspepsia.

BOSTON, MASS., January 25, 1893.

"I have used and am now using GENEVA MINERAL WATER. I find it to be very beneficial for Dyspepsia or Indigestion. I can recommend it to any seeking relief from such trouble."

G. G. STILLMAN, 19 PEARL STREET.

Had Gravel.

BOSTON, MASS., January 25th, 1893.

"I have been a sufferer from Gravel, and suffered all the torture incident to that disease until I learned of GENEVA MINERAL WATER, and by using this *Wonderful Water* liberally was relieved by the passing of large quantities of Gravel. I feel like a new man now.

NELSON F. HUMPHREY 89 REVERE STREET.

Had Inflammatory Rheumatism.

Boston, Mass., January 20th, 1898.

For several years past I have been subject to frequent and sudden attacks of Inflammatory Rheumatism and Rheumatic Gout, and the best medical attendance has afforded only temporary relief.

'In June last I called on your Agent in this city, and after learning what have proved to be valuable facts, I decided to give your GENEVA MINERAL WATER a trial. I was at this time suffering from one of my very worst attacks, having been confined to my room several weeks, one foot so swollen and painful as not to permit wearing a shoe, and I was only able to get about by the assistance of a crutch. Within one week from this time, the swelling had entirely disappeared and I was relieved from all pain, enabling me to again wear my shoe with comfort, and do without the crutch. This is what the GENEVA MINERAL WATER did for me. I consider it a truly wonderful and valuable water and shall continue its use. I have recommended it to a number of my friends similarly afflicted, who have obtained precisely the same good results as myself.

H. L. SHERMAN, WESTERN UNION TELEGRAPH CO.

Had Rheumatism.

Boston, Mass., December 30th, 1892.

'Last spring I was taken with a severe case of Rheumatism, which confined me to the house, and obliged the use of crutches. Through a friend I was induced to try GENEVA MINERAL WATER and nothing else. As a result of GENEVA WATER I was entirely cured of my Rheumatism some months ago and have only waited till this late day before writing you, in order to thoroughly satisfy myself that it was a perfect cure.

HENRY G. HARDY,

Atlas Accident Ins. Co., 186 Devonshire Street.

Had Irritable Bladder.

Boston, Mass., January 19th, 1893.

'I am told that most men reaching my time of life are afflicted with an Irritable Bladder, also an enlargement of the prostate gland. I have suffered several years with both of the above named troubles accompanied with Catarrh of the Bladder. I have had the most approved treatment of my case and received no benefit. The GENEVA MINERAL WATER was highly recommended to me and although very skeptical, I purchased a five gallon jug and obtained immediate relief. After using several jugs of the water I consider myself entirely cured as I feel no return of my former troubles. Several people I know have used the water and in each case have been greatly benefited.

THOMAS TRIPP,

Tripp Manufacturing Co., 620 Atlantic Avenue.

Had Neuralgia.

BOSTON, MASS., September 2d, 1892.

"I have used the GENEVA MINERAL WATER for Neuralgia with good effect and shall continue its use, for benefit derived otherwise."

F. C. COBURN, 118 DEVONSHIRE STREET.

Had Kidney Trouble.

BOSTON, MASS., September 2d, 1892.

"The GENEVA MINERAL WATER has done me much good in the last three weeks. I had a severe fall which affected my Liver and Lungs. I have been using the Water with great improvement. I know many others who are using it with good results."

WM. H. GUILD, 113 DEVONSHIRE STREET.

Had Muscular Rheumatism.

BOSTON, MASS., January 18th, 1893.

"While suffering with Muscular Rheumatism I was induced by a friend who had experienced its benefits to give the GENEVA MINERAL WATER a trial and so speedily did I realize admirable results from its use that I am glad to add my testimony to the chorus of praise which comes from every quarter. I believe it to be an invaluable remedy for all those affections which arise from imperfect digestion and consequent impurity of blood, and wish every one so afflicted, might have the benefit I am sure it will afford."

CHAS. J. NOYES,

New York Life Insurance Co., 131 Devonshire Street.

Had Kidney Trouble.

BOSTON, MASS., September 19th, 1892.

"I have been a sufferer with Kidney and Bladder Trouble for years and have tried many remedies but found no relief until I began to drink GENEVA MINERAL WATER. I had not drunk it two weeks before I began to feel better, and to-day I call myself a well man and would further add that in Dyspepsia and Weak Stomach it can be used with very beneficial effects. I advise all who are afflicted to try GENEVA MINERAL WATER and be cured as I have been."

WALTER N. DOLE

133 Pearl Street.

Had Dyspepsia.

BOSTON, MASS., December 22d, 1892.

"I have used the GENEVA MINERAL WATER quite freely for the past six months and think it my duty to heartily recommend it to any one suffering from Dyspepsia, Indigestion and other kindred complaints of the stomach."

FRANK A. MAGER

14 Federal and 113 Congress Streets.

Had Constipation.

BOSTON, MASS., January 7th, 1893.

"A three month's trial of the GENEVA MINERAL WATER has proved so beneficial (my trouble being Constipation and Rheumatism) that I shall continue its use for some time further—having confidence that in a reasonable length of time it will effect a permanent cure."

GEO. D. THAYER, 47 Temple Place.

Had Pains around the Heart.

BOSTON, MASS., Jan. 6, 1893.

"For several weeks I had been troubled with pains around the Heart and could not lay in bed only on the right side. I commenced drinking the Geneva Mineral Water and in a few days the pain left me and has not troubled me since. I am pleased to recommend it to all like sufferers."

O. A. SEABURY,

657 Washington Street.

Had Chronic Constipation.

MALDEN, MASS., Feb. 1, 1893.

"During a period of twenty years, I have been a sufferer from Chronic Constipation, and never been able to find anything that could afford relief. After drinking the Geneva Mineral Water, the benefit I received was wonderful."

LIZZIE S. HOLBROOK.

Had Kidney Trouble.

AVON, MASS., Jan. 7, 1892.

"I have been using Geneva Mineral Water for the last three and one-half months with very favorable results in regard to Constipation of the Bowels and a Kidney and Liver Trouble. I am almost entirely cured of Constipation of many years' standing and very much relieved of weakness of Kidneys and a Torpid Liver. I would freely recommend it to any one affected in a similar way."

NATHAN TUCKER,

Chronic, Gouty Rheumatism.

SOMERVILLE, 121 CENTRAL ST., Oct. 4, 1893.

We have here three large five gallon jugs. Shall we send them by express to you? My fourteen year old daughter after being a great sufferer from Chronic Gouty Rheumatism of the joints for several years has been entirely cured by drinking the Geneva Water. She drank it from about this time last year to May and without taking one drop of medicine became apparently perfectly well. Of course should it recur in the least I should begin again with the treatment but at present she needs nothing of the kind. Every one who knew of the case thought the cure remarkable. I can only be too thankful that I read your advertisement and tried the water as she was getting worse each year and we had great fear would become very much worse. She was apparently cured as early as last March but we continued the water about two months after that.

Yours truly,

MRS. E. L. VREELAND.

WHAT THE GENEVA MINERAL WATER HAS DONE IN CHICAGO, ILL.

Had Muscular Rheumatism.

CHICAGO, Ill., Sept. 11, 1890.

For three years have been most of the time laid up with Muscular Rheumatism and have tried almost everything for it, but got no relief. About two months ago I commenced using Geneva Mineral Water, and today I am entirely cured.

A. D. HYDE,

126 Dearborn Street.

The above was given two years ago. I have not had rheumatism since. A. D. H.

Had Incipient Bright's Disease.

CHICAGO, July 10, 1890.

Having been examined by three of our best physicians for insurance, and failing to pass, I commenced to use your Geneva Mineral Water for Kidney Trouble and am now relieved of all ailment, and have passed a very careful examination. I have also recommended it to others for the same trouble. CHAS. W. SALISBURY 181 State St.

Had Nervous Prostration.

CHICAGO, June 5, 1890.

About two months ago I commenced using Geneva Mineral Water, as I was generally "run down," and suffered from Nervous Prostration. I am pleased to say that I have been greatly benefited, and gained much in flesh, and I now feel fully restored to my normal condition.

HENRY WEY,

Organist Dr. Lorrimer's Immanuel Baptist Church

Had Catarrh of the Stomach and Bowels.

CHICAGO, September 17, 1890.

It is with pleasure that I certify to the benefits to be derived from the use of Geneva Mineral Water. My case is one of long standing. For ten years I have suffered with Catarrh of the Stomach and Bowels, together with Kidney and Liver Trouble. The liberal use of Geneva Water during the last three weeks has done more for me than all the other water and remedies combined that I have used in the last ten years. It is a splendid water.

JAS. McCABE 97 Clark Street

Had Sciatic Rheumatism.

CHICAGO, Sept. 10, 1890.

For the last five months I have been a great sufferer from Sciatic Rheumatism and for three months confined to my room and bed under the care of a first-class physician, who advised me to drink Geneva Mineral Spring Water, from which I think I have received great benefit, and would freely recommend it to others.

WESLEY MORRILL, 2907 Groveland Avenue.

Had Rheumatism.

CHICAGO, Dec. 27, 1891.

Please send me to-day a five-gallon jug of Geneva Mineral Water. When this water was recommended to me some time ago, I was inclined to be skeptical about its virtues. I have given it a good trial and am thoroughly convinced that it is all you claim for it. It has certainly done a great deal of good and I would not be without it. It has cured me of Rheumatism.

C. L. BURLINGHAM, Suite 26, Montauk Block.

I had been afflicted with Rheumatism two or three years and at times suffered intensely. Was induced to try Geneva Mineral Water, but with very little faith as I had never found anything else that seemed to do me any good. Before I had used a five gallon jug my Rheumatism had abated and very soon disappeared altogether. I discontinued the use of the water, but after a respite of about three months my Rheumatism returned. I used another five gallon jug and have not felt a rheumatic symptom since. I know the water cured me for the results were immediate. I would say to all rheumatics drink Geneva Mineral Water and be cured.

W. B. GRIFFIN.

5711 Emerald Avenue, Chicago.

Having a severe attack of Rheumatism in my shoulder, so severe that I could not raise my arm, and being encouraged by the happy experience of my son, I used Geneva Mineral Water and was promptly relieved. I most sincerely recommend it to all sufferers from that most painful disease. My confidence is complete. I have had no symptoms of Rheumatism since.

GEO. W. GRIFFIN.

1410 Manhattan Building, Chicago.

Rheumatism and Stomach Troubles.

I hereby certify that I have used the Geneva Mineral Water for over two years, and I think it the best water for Rheumatism, Gout and Stomach Troubles I ever drank.

H. J. SAWDY.

23 Wabash Avenue, Chicago.

Had Constipation.

I have had Indigestion and Chronic Constipation for years. Geneva Mineral Water has made a positive cure in my case.

ISAAC P. EATON,

Engineer Central Music Hall, Chicago.

Had Constipation and Catarrh.

Geneva Mineral Water has cured me of Chronic Constipation and Catarrh of the head. It has also corrected my digestion and relieved me from the dregs of La Grippe which attacked me about two years ago. In fine, it has reclaimed me from a condition of general debility to health again. I have gained in flesh and feel like a new man. It is a great water.

A. L. DEANE,

52 Wabash Avenue, Chicago.

Had Constipation, and Sour Stomach.

Before using Geneva Mineral Water I was troubled with habitual Constipation and Sour Stomach. The symptoms were not only very distressing but they were indeed serious. I seemed to be drifting into a generally decline of health. But since I have been using the water my bowels have become perfectly regular, and I am no longer troubled with Sour Stomach. My general health has improved and I feel like a new man. Though I have been careful as to my diet, yet I am bound to attribute my improvement in very large part, at least, to the effects of the water. I had previously used "Londonderry Lithia," but am positive that I have derived much more benefit from the Geneva Mineral Water.

O. K. MONSON,

6349 Wright Street, Chicago.

Had Stomach Trouble.

I have been using Geneva Mineral Water for one month, and have great relief from Stomach Trouble. Can recommend it highly.

Yours truly,

JOHN W. CONROY,

Proprietor Conroy's Hotel, 408 to 412 State St., Chicago.

Had Indigestion.

A member of my family was suffering from Indigestion. Was induced to use Geneva Mineral Water and was promptly relieved. We have since used several cases of it and have always found it most satisfactory. Have recommended it to several other parties who have expressed themselves as highly pleased with it.

F. B. BAIRD, Real Estate,

19 Lakeside Building, Chicago.

Had Kidney Trouble.

I suffered from Kidney Trouble which my family physician pronounced Bright's Disease in its incipient stages and advised me to consult a specialist. I at once called on Prof. Mitchell, of 70 State Street, who advised me to drink Geneva Mineral Water. After commencing its use I grew speedily better; the albumen disappeared from my urine and I feel that I am entirely cured. I believe the use of this water has saved my life.

E. P. HAVEN,
40 Dearborn Street, Chicago.

Had Polyuria.

For about seven years I was afflicted with excessive excretion of urine. Geneva Water has positively cured me.

A. REINHARD,
153 33rd Street, Chicago.

Had Nervous Dyspepsia and Insomnia.

I was for many years a great sufferer from Nervous Dyspepsia and Insomnia, being unable to sleep and totally incapacitated for business. After trying innumerable remedies and visiting most of the health resorts of this country without obtaining any relief, my physician advised me to drink Geneva Mineral Water. My health improved from the first day that I commenced its use and I am now practically cured. I consider it a most wonderful water,

Very truly yours,

T. LAVERY,
9 Nut Street, Chicago.

Had Insomnia.

Would lie awake some nights until four o'clock in the morning. Could not sleep. Was advised to use Geneva Mineral Water and did so. Was benefited from the very first and was soon able to sleep as well as ever in my life. Have not used it for some months and am still able to sleep as soundly and sweetly as a child. Was also troubled with Constipation before using it, but now my bowels are perfectly regular.

D. E. JONES,
6939 Perry Avenue, Chicago.

Excessive Excretion of Urine.

I have for years been troubled with excessive flow of urine. About one year ago I began to use Geneva Mineral Water, and it has done me more good than all the medicine I have ever taken. Though an active diuretic at first, it soon regulates the flow to a normal quantity. I have not for months found it necessary to use the water except when otherwise ailing. In my case the effect is magical and the cure is prompt. I most sincerely recommend it for the above affliction.

J. L. HOTCHKIN,
720 Chicago Opera House.

WHAT THE GENEVA MINERAL WATER HAS DONE IN SAN FRANCISCO.

Had Kidney Trouble.

SAN FRANCISCO, January 2d, 1893.

This is to certify that I have been troubled with Kidney and Bladder disease, and by the use of Geneva Mineral Water have obtained great relief. I can recommend the Water to all suffering from the same disease.

Yours truly,

E. E. RICE.

Had Uric Acid.

SAN FRANCISCO, June 16th, 1893.

Some time ago feeling symptoms of Rheumatism in my right leg, and noticing a deposit of Uric Acid in the urine I was recommended to drink Geneva Mineral Water. I have used one five gallon demijohn of the Water and can now state that I am entirely relieved of all rheumatic pain and that no deposit of Uric Acid now appears. I attribute my relief and present good condition entirely to the use of the water from the Geneva Mineral Springs, and heartily recommend it to all experiencing the same trouble.

Very respectfully yours,

ARTHUR E. ROBERTS,

Assayer and Metallurgist.

Had Kidney and Bladder Trouble.

SAN FRANCISCO, January 15th, 1893.

I beg to apologize to you for keeping your demijohn such length of time. The person I wanted to use the Water must wait at the time in the German Hospital under treatment, which detained him longer than I expected. Since his return to the Home I have given him the Water, and find that the same has been of the greatest relief to him. I have also used the Water myself and am satisfied of its great efficiency for Kidney and Bladder Troubles, and have thus resorted to our Board of Managers.

Very respectfully yours,

ISAAC H. LEVY, Superintendent.

Pacific Hebrew Home.

Had Gravel.

SAN FRANCISCO, CAL.

After using the Geneva Water a short time I was unhesitatingly one of the accomplished men, more good than any remedy to rid me of Gravel. I am free from that intense pain and suffering. The merits of the Water are wonderful.

JOHN HOPPER, Commission Merchant.

4 California Street.

Had Albumen in the Urine.

PRINCE STREET, BERKELEY, CAL., January 12th, 1894.

Some months ago suffering from Renal Congestion and the continued presence of a rather large percentage of albumen in the urine, my physician advised the generous use of Geneva Mineral Water. I can positively state (and I have been a close and interested observer) that in my case the effects of "Geneva" were rapid and marvelous, and abundantly justified the recommendation of my Doctor. The albuminous deposit steadily decreased from the outset, and after three months was entirely eliminated.

I am induced to certify thus, merely on principles of humanity, that those affected as I was may know of a remedial agent which I have found to be singularly efficacious in the above ailment.

Yours truly,
J. V. GEARY.

Had Bladder Trouble.

SAN FRANCISCO, January 6th, 1893.

Having been greatly troubled for some time with Disease of the Bladder I found my first relief when I began using your Geneva Mineral Water, and take great pleasure in adding my testimonial as to its curative power.

I believe the benefit derived will be permanent and recommend the "Geneva" to all afflicted as I was.

Yours respectfully,
AUG. BRINGS.

Had Bright's Disease.

SAN FRANCISCO, CAL.

Please send me another case of your Water. I find it has proved more beneficial to me than all other medicines I have ever taken. Having suffered from Incipient Bright's Disease combined with Urinary Troubles, and your Geneva Water has done wonders for me. I have recommended it to many of my friends, and shall continue to do so.

FRANK C. COOPER, Pres. & Mgr. Sonard Adv. Co.,
Chronicle Building.

Had Rheumatism.

SAN FRANCISCO, CAL.

I am pleased to testify to the benefit derived from the use of Geneva Mineral Water. Having been suffering with Rheumatism for many months, with my blood in a poor condition, and generally debilitated, I find immediate and continuous relief in the use of Geneva Water. I am rapidly recovering my usual health, and have the pleasant feeling of being clean *inside*.

JOHN HENDERSON,
411 Market Street.

Had Catarrh of the Bladder.

SAN FRANCISCO, CAL.

Accept the grateful thanks of a sufferer, with Catarrh of the Bladder, the relief which the Geneva Water has given me is such that I cannot say too much for it; and when I tell you for several years no relief of any kind has been given me by the best of treatment, you can understand the spirit that prompts me to address you. My friends are surprised to see me looking so well, and no wonder, it is many a day since I am feeling so well. Thanks to the Geneva Mineral Water.

J. H. CASON.

806 Valjejo Street.

Had Bladder Trouble.

SAN FRANCISCO, CAL.

I have for the past two years suffered greatly from Rheumatism and Bladder Trouble and found no medicine that seemed to reach my case. I commenced the use of Geneva Mineral Water and used it freely, drinking a half gallon per day, and after using fifteen gallons I consider myself cured.

G. E. JENKINS.

Santa Clara.

Had Urinary Trouble.

SAN FRANCISCO, CAL.

I take pleasure in bearing testimony to the curative properties of the Geneva Mineral Water, having suffered several years from Urinary Trouble, and tried different waters for relief. I do not hesitate to say that I find it the most soothing, agreeable and helpful of any I have used, and cheerfully and unhesitatingly recommend its use to all who are similarly affected.

REV. S. T. STERRITT.

2242 Howard Street.

Had Kidney and Bladder Trouble.

SAN FRANCISCO, CAL.

I am gratified that an agency for the sale of your Mineral Water has been established in San Francisco so that sufferers with Kidney and Bladder troubles may now obtain it more readily, fresher and at a reduced cost. I began the use of your water in Washington, D. C., while serving in that city as correspondent of the Examiner. I suffered from Incipient Bright's Disease and derived great and lasting benefit from your Water. Taken in time, I believe that the Geneva Water will cure any Kidney or Bladder trouble; I regard it as a specific in these diseases, and it always gives me pleasure to recommend its use to sufferers therefrom."

C. O. ZIEGENFUSS,

of the Chronicle.

WHAT THE GENEVA MINERAL WATER HAS DONE IN PORTLAND, OREGON.

Catarrh of Bladder.

PORTLAND, OREGON.

In regard to the virtues of Geneva Mineral Water you sold me, I will say, I have been troubled with Catarrh of the Bladder since June last, passing blood and mucus, and being obliged to get up at least eighteen times in a single night. I have used less than five gallons of the water up to date and now am seldom obliged to get up oftener than twice in a night. My prostatic gland was swollen very much and now that has all disappeared. The Geneva Mineral Water will knock Kidney and Bladder troubles higher than a kite." P. S. — The Geneva Mineral Water is safer to bet on than Nancy Hanks.

G. BURLINGAME,

The Dalles, Oregon.

Bloody Urine.

PORTLAND, OREGON.

I have suffered with Bloody Urine for years, since August, 1865, and have spent large sums of money trying to get cured. Geneva Mineral Water has greatly benefited me; my general health is greatly improved, weight increased, and while I consider myself cured shall still use the water, a course I would recommend to others who consider themselves cured to follow and be sure that they are thoroughly cured.

A. RICHARDSON,

Richardson's Landing.

Rheumatism, Kidney and Bladder Trouble.

PORTLAND, OREGON.

I have used Geneva Mineral Water personally and in my family for some time and find it acts very beneficially. It is a good water and I recommend it to all my friends, for Rheumatism; Stomach and Bladder TROUBLES.

O. H. STOTT,

227 Porter Street.

Stone in Bladder.

PORTLAND, OREGON.

I have suffered with Stone in the Bladder for years; have been at the point of death several times. Have spent thousands of dollars trying to get cured, but medical treatment did not reach my case. I commenced to use Geneva Mineral Water about three months ago; the Stone in my Bladder has disintegrated and passed out. I have increased in weight, feel like a different man, and have no hesitation in saying that Geneva Mineral Water has saved my life, and all this at the cost of a few dollars.

H. N. POTTER, 187½ Morrison Street.

Had Indigestion.

PORTLAND, OREGON.

I have used the Geneva Mineral Water and recommended it to a large number of my friends. It is a valuable water and for Stomach troubles and Indigestion cannot be spoken of too highly. It is a fine tonic also.

W. S. NEWBURY.

Attorney and Counsellor-at-Law, Washington Block

Female Troubles.

PORTLAND, OREGON.

I wish to add my testimonial to the curative powers of Geneva Mineral Water. My wife was a great sufferer from Insomnia, Nervous Prostration, Indigestion and a large train of ills incident to her sex. All kinds of medical treatment did her no good, no relief was obtained from any of them, but after using several cases of water I am happy to tell you that she is enjoying better health than she has had for years; her weight has increased, color is her face good, and she has become a different person entirely and all this when medical science failed, for the expenditure of \$50.

We cannot find language to express our satisfaction.

Q. H. JOHNSON, 18 and 20 Front Street.

Salesman, Zan Brothers, Feldmann & Cole.

Sciatic Rheumatism.

PORTLAND, OREGON.

I am pleased to testify to the benefit derived from the use of Geneva Mineral Water. Having been suffering with Sciatic Rheumatism for over one and a half years, I find continuous relief in the use of Geneva Water, and am rapidly recovering my usual health.

D. W. HOELBING, Real Estate

228 Stark Street.

Had Kidney Trouble.

PORTLAND, OREGON.

For many years I have been troubled with heavy dull pains in muscles of back and Kidneys. Drinking four glasses of the Geneva Mineral Water daily for past two months I must say without hesitation that I am well, and suffer no more in that direction. I have recommended this celebrated water to a great many people, all of whom pronounce it just what is represented in the circular. Further, I know it will cure Kidney and Bladder complaints, and in two cases Stone in the Bladder has been removed and the gentlemen are now on the road to recovery, and do testify to the fact that they are almost well and owe their lives to the use of this celebrated water.

M. W. PARSONS, Bookkeeper, The Sunday Mercury.

Catarrh of the Stomach.

PORTLAND, OREGON.

This is to testify that I have been a great sufferer from Gastritis for years, the result of a severe cold contracted in 1877. Medical aid failed to reach my case. I was so bad that I had to have two pillows under my head, to sleep with any comfort for the last three years. I have been greatly benefited by Geneva Mineral Water, and have no doubt that with time it will effect a complete cure in my case.

A. D. BURDICK, Real Estate. Mount Tabor.

Had Dyspepsia.

PORTLAND, OREGON.

I have been troubled more or less for the past 25 years with Dyspepsia and have tried all the known remedies for cure or relief without success.

I have used the Geneva Mineral Water about one month and find it in my case a perfect cure. I can eat with a relish and my digestion is good. Accept my thanks. Trusting that others suffering from Indigestion will find the relief that I have found from using Geneva Mineral Water.

E. O. NORTON,
St. Charles Hotel.

Catarrh of the Stomach.

PORTLAND, OREGON.

Not desiring to rush into print, or have our names paraded before the public, (for this is our first testimonial to any person), I do desire to call the attention of those who are suffering with Catarrh of the Stomach or Indigestion to the fact that my wife, Mrs. E. E. Parsons, was suffering dreadfully from Indigestion or Flatulent Dyspepsia and Nervous Debility, Rheumatic trouble in her limbs, and Neuralgia with formation of gases and bloating in the stomach for nearly six months. She has been entirely cured by the use of Geneva Mineral Water. She used about fifteen gallons.

E. E. PARSONS, Real Estate.

Room 31, Union Block.

Inflammation of Bladder, Etc.

PORTLAND, OREGON.

I most cheerfully recommend Geneva Mineral Water as possessing excellent curative qualities for certain troubles, especially those from which women so generally suffer. One five gallon case of that water positively cured me of Inflammation of the Bladder and attendant ailments, after doctor's prescriptions had failed even to relieve me. It is pleasant to drink and produces no bad after-effect.

MRS. R. WATSON, 394 E. Seventh Street.

WHAT THE GENEVA MINERAL WATER DID IN CINCINNATI, OHIO.

Had Rheumatism.

CINCINNATI, O. (AYONDALE), Feb. 15, 1891.

Geneva Mineral Water is the best medicinal water I have ever used, and I recommend it to my friends. Yours Truly, CAPT. C. M. HOLLOWAY.

Had Rheumatism.

CINCINNATI, O. Feb. 15, 1892.

I take pleasure in saying to you that I have received great benefit from the use of your Geneva Mineral Water, having been afflicted for years with Rheumatism and Kidney Trouble. Yours very truly, E. D. SPOONER, Pike's Building.

Had Dyspepsia.

CINCINNATI, O., Feb. 15, 1892.

I have been a sufferer from Dyspepsia and Stomach Trouble for years, and I have been cured by the liberal use of your Geneva Mineral Water, gaining over 16 pounds in six weeks. It is a wonderful water for Stomach Trouble, and it gives me pleasure to recommend it to all who are suffering as I did. Yours truly,

A. C. CONKLIN, 75 West Third Street.

Had Bladder Trouble.

CINCINNATI, O., Feb. 10, 1892.

I had Bladder and Stomach Troubles for a long time, and the Geneva Mineral Water did me more substantial good than all other remedies. I cheerfully recommend it. Yours respectfully, BERNARD GROTE, 777 West Sixth Street.

Had Bladder Trouble.

CINCINNATI, O., Feb. 13, 1892.

I have had Bladder Trouble for several years. Two months ago I commenced using the Geneva Mineral Water and find that it has done me much good.

Yours truly,

SAMUEL CAMNITZ,
American Express Co., 118 West Fourth Street.

Had Constipation.

CINCINNATI, O., Feb. 15, 1892.

I have used the Geneva Mineral Water and consider it the Water of Waters. As a gentle laxative it is unsurpassed and its tonic properties are wonderful.

Yours truly,

M. E. LYNN,
General Manager Queen City Coal Co.

Had Stomach Trouble.

W. E. HUTTON & Co., BROKERS,
CINCINNATI, O., Feb. 16, 1892.

I have been using the Geneva Mineral Water for the past sixty days, and find it a fine laxative, and for Stomach Trouble have never seen its equal. Yours truly,

W. E. HUTTON, 53 West 3d Street.

Had Gravel.

CINCINNATI, O., Feb. 19, 1892.

I have been a sufferer from Gravel since May, 1891, and suffered all the torture incident to that disease until I learned of the Geneva Mineral Water, and by using this wonderful water liberally was relieved by the passing of large quantities of Gravel.

Yours truly, COL. HENRY HARBRECHT.

(Known as Gas Burner Man of Cincinnati.)

Had Urinary Weakness.

CINCINNATI, Ohio, March 19, 1892.

I was afflicted with Urinary Weakness for about a year, and failed to get any relief from my physician's treatment. I passed large quantities of urine, and could not retain it for any length of time, night or day, causing me great misery and trouble. I was advised to try the Geneva Mineral Water, and can cheerfully recommend it for trouble like mine, for after using only about six gallons of it I find myself cured.

Respectfully yours,

J. C. PARKER.

382 Hopkins St.

Had Catarrh of the Stomach.

CINCINNATI, Ohio, Dec. 1, 1892.

Having used every kind of mineral water that I could hear of during my travels in the past eighteen years, which have been very extensive, the Geneva Mineral Water surpasses any I ever found. My trouble was an aggravated case of Catarrh of the Stomach and Bladder. I have been wonderfully benefited by the use of your Water, and to a far greater extent than by anything I have ever used, and most cheerfully recommend it in any similar case.

E. M. McKNIGHT.

Had Diabetes.

CINCINNATI, Ohio, March 22, 1893.

I have suffered for upwards of two years with a case of Diabetes Mellitus. After drinking freely of your water, analysis shows that all saccharine matter has disappeared, and now I am pronounced by my physician as being cured.

Yours respectfully,

M. R. HOWARD.

Had Kidney Trouble.

CINCINNATI, Ohio, Nov. 16, 1893.

For a number of years I was troubled with Kidney Trouble, scarcely being able to make any water at times. I also had Rheumatism in my joints. I tried both doctors and Mineral Waters, but received no apparent benefit until I used Geneva Mineral Water. After the free use of Geneva Mineral Water I find myself entirely relieved from both troubles. My circulation is now good and I feel like a new man.

R. H. LAMPING,

Soup and Candle Manufacturer, 135 to 145 West Miami Canal.

As a Table Water.

CINCINNATI, Ohio, Jan. 16, 1894.

I have been using the Geneva Mineral Water steadily for months past with good results. The water is all that you claim for it, and I have experienced excellent results from its continuous use. Aside from the medical properties of the Water I regard it as the best of Table Waters with which I am familiar.

Very respectfully,

HOWARD FERRIS,

(Judge of Probate Court.)

Had Bright's Disease.

MT. HEALTHY, Ohio, Sept. 6, 1898.

I have had a combination of diseases for twenty five years, viz: Liver Trouble, Catarrh of the Bladder, Indigestion and a severe case of Bright's Disease. A number of years ago my physician recommended that I should try natural mineral waters. Since that time I have used every kind of mineral water I could learn of and received some benefit from all of them. About a year ago I tried Geneva Mineral Water. At that time my water analyzed 38 specific gravity, albumen and leading crystallized formations. I now keep it at normal and can reduce it to normal any time in three hours by the free use of Geneva Mineral Water.

I use no other remedy now, and feel better than I have at any time in twenty five years, and most cheerfully recommend Geneva Mineral Water to all like sufferers.

Yours truly,

ROBERT BROMLEY.

An Excellent Water.

PIKE OPERA HOUSE, CINCINNATI, Ohio, Feb. 26, 1892.

I have used the Geneva Mineral Water with good results and find it an excellent Water.

W. D. LOUDOUN,

Manager, Rhea's Co.

WHAT THE GENEVA MINERAL WATER HAS DONE IN DETROIT, MICHIGAN.

Had Diabetes.

[GUSTAVUS F. HALL, VOCAL, 11 LAFAYETTE AVENUE.]

DETROIT, August 31, 1891.

I wish to inform you of the great benefit I have experienced after using your Geneva Mineral Water. I was afflicted with Diabetes, and am now entirely cured. I can assure you that I know, personally, many who have been cured, who were suffering from Rheumatism, Kidney, and other Blood Troubles.

Respectfully,

GUSTAVUS F. HALL.

Had Dyspepsia.

[MUSIC HOUSE OF C. J. WHITNEY & Co.]

DETROIT, MICH., September 10, 1891.

It is with pleasure I speak of the magic results of your Geneva Mineral Water. I had been a sufferer from Dyspepsia for years, but after using the water freely for three weeks, find myself entirely cured, and would recommend it highly to those suffering from Stomach Trouble.

Yours truly,

W. C. BROADWELL.

Had Rheumatism.

DETROIT, MICH., September 5, 1891.

I take great pleasure in informing you that, after suffering many years from Rheumatism, and spending a great deal of money for medicine without obtaining any relief, your Geneva Mineral Water has completely restored me to health.

Most respectfully yours,

NICHOLAS DETOMMASI,

162 Randolph St.

Had Stomach Trouble.

[W. H. ELLIS, JOBBER OF CIGARS AND TOBACCO, COR. FORT AND GRISWOLD STS.]

DETROIT, MICH., September 7, 1891.

I take great pleasure in testifying to the efficacy of your Geneva Mineral Water for Stomach Trouble. For several years have not been able to eat any breakfast, but after short treatment with above Water, can now eat and relish a good breakfast. I have also been witness of its almost magical results in Kidney and Liver Complaints.

Sincerely yours,

R. MACDONALD.

Had Stone in the Bladder:

95 FORT STREET, DETROIT MICH., Jan. 25, 1892.

After ten years of suffering and the life of an invalid in consequence of Uraemic poison, I certify that I have been under the treatment and care of a regular physician, who pronounced my case to be this malady, but seemed unable to do me any good, until I was persuaded to try your Geneva Mineral Water. I am now gratified and more than pleased to state that its effect was almost magical; I am entirely relieved from all the annoyance and misery accompanying this trouble and Stone in the Bladder, as mine was a desperate case and it made life almost unbearable.

You are at liberty to refer to me always. Yours truly, CHARLES F. BECK.

Had Diabetes.

DETROIT, MICH., September 2, 1891.

I have used the Geneva Mineral Water for Diabetes and take great pleasure in testifying to the great benefit I have derived from it. Recommend persons seeking relief to me.

Respectfully yours,

D. GERMAIN, 141 Griswold Street.

Had Stomach Trouble.

DETROIT, MICH., Aug. 25, 1892.

I have been using the Geneva Mineral Water for several months and find it a fine laxative, and for Stomach Trouble I have never seen its equal. I also gained twenty pounds in the past two months, and my appetite is better than it ever was. The Geneva is truly a wonderful Water.

Very respectfully,

R. O. KINNEY,

The Haman Real Estate Exchange.

Had Gravel.

DETROIT, MICH., Feb. 24, 1892.

It is with pleasure I am able to say that I have drunk your Geneva Mineral Water for six months. When I commenced I was confined to my house, and within twenty-four hours I was able to get out and go to my office. Within thirty days I had passed the gravel stone you now have in your possession, and since then my health has steadily improved and I am now as usual as ever, and when I commenced to drink this Water I could scarcely bear to ride in a street car, the slightest jar causing me much pain and suffering. I can not tell how grateful I feel towards you for bringing this Water to my notice, as I had given up hope of ever getting better. You are deserving of the everlasting gratitude of mankind, and I assure you I shall ever feel grateful to you for the almost miraculous change the Water has made in my life and health.

Sincerely yours,

PETER E. PARK, 32 Lafayette Ave.

Had Gravel and Rheumatism.

54 BRAINARD ST., DETROIT, MICH., Feb. 15, 1892.

Replying to your inquiry in regard to the benefit I have derived from the use of Geneva Mineral Water, suffice it to say that from a combination of circumstances the drinking of the Water became inimical to my system. I seldom knew thirst. As a result of this abstinence. Rheumatism, Neuralgia, Sciatica, and many other ills were demonstrated. It was finally considered to be most important that the body needed a flushing, and I was advised to drink liberally of water. After trying other waters, none of which agreed with me, I had the Geneva Mineral Water prescribed for me. I drank it hot, and it seemed to be agreeable to my condition. After using it a short time, however, I was relieved of over 300 small stones. I have continued the use of Geneva Mineral Water for about six months to the exclusion of all other waters. I am satisfied it is constantly at work repairing, cleaning and toning the whole system. Aside from the unprecedented amount of stone, gravel, and sand it has expelled, which in itself is truly wonderful, I have received benefit from its general tonic and regulating properties, besides enjoying almost an immunity from rheumatism, etc. From my experience I would most unhesitatingly recommend the use of the Geneva Mineral Water to all those suffering with any of the diseases mentioned, feeling sure they can not but receive great benefit from its use.

Very respectfully,

E. B. PEASE.

Had Rheumatism.

DETROIT, MICH., May 21, 1892.

In April last I was attacked with violent Inflammatory Rheumatism of the left knee, which completely prostrated me, my knee being highly inflamed and swollen and painful beyond endurance. I applied Geneva Mineral Water hot, with thick bandages, and in six hours was completely restored, and could walk without difficulty. I have drank the Water since, and the disease has entirely disappeared.

Very truly yours,

GEO. C. WALKER,
Merchandise Broker.

PRO-CATHEDRAL OF ST. ALOYSIUS, }

DETROIT, MICH., Dec. 31, 1892 }

I can only say that my experience with Geneva Mineral Water is a seemingly very common one among those who have used it, that it is very satisfactory and beneficial.

Very Respectfully,

ERNEST VAN DYKE,

OUR LADY OF THE ROSARY, RECTORY, 26 HARPER AVE., }

DETROIT, MICH., Feb. 24, 1892. }

Your Geneva Mineral Water I have used, and have found it excellent, indeed. Others, to whom I have recommended it for Liver and Kidney Troubles, have been very much benefited by its use, and I take pleasure in testifying to the superior quality of Geneva Mineral Water.

Yours, etc.,

F. J. VAN ANTWERP.

DETROIT, Mich., Aug. 1, 1893.

There is a jug for you at 15 John street. Please send another to Fowlersville, Mich., where we are going tomorrow for a rest on our farm. The water is helping Mrs. Mehan. We shall want about one jug a week. Will remit from time to time.

Sincerely,

J. D. MEHAN,
The Mehan School of Vocal Art.

DETROIT, Mich., May 31, 1892.

I consider the Geneva Mineral Water most excellent for Kidney, Bladder and Stomach Troubles, also for Rheumatism and other ailments. It has a great future.

PETER HENKEL,

The Peter Henkel Co., Wholesale Grocers and Pork Packers

DETROIT POST OFFICE, OFFICE OF THE POSTMASTER.

DETROIT, Mich., Jan. 12, 1893.

I cheerfully give my testimony in behalf of the Geneva Mineral Water. I believe it is the best mineral water so far discovered for diseases of the Stomach and Kidneys, and every one suffering from such diseases who will take the water will, I believe, be greatly benefited. Very truly yours,

ELLWOOD T. HANCE

EXECUTIVE OFFICE, LANSING, Mich., Oct. 10, 1892.

HON. W. C. MAYBURY, Detroit, Mich.,

MY DEAR SIR: Please accept my thanks for your kindness in ordering the "Geneva Mineral Water" for me. It seems to greatly benefit my mother. She has improved in health very much during the last week. There was no bill came with the water. Will you please have the bill sent to me. Very truly yours,

GEO. G. WINANS.

Had Kidney Trouble.

RUSSELL HOUSE, ALLIANCE, OHIO, Feb. 2nd, 1892

The jug of water sent to Youngstown received all O. K. I have given the Geneva Mineral Water a good and thorough trial in the past four weeks and have derived the greatest benefit from its use. Please send me another jug to Pittsburg, in care of the Old Homestead Co., Alvin Theater.

KIRK TOWNS.

Had Bowel Trouble.

DETROIT, January 23rd, 1892

I have just sent off by express, my jug to be refilled and I cannot thank you sufficiently for the good the Water has done me. It has done what no medicine could ever do, that is, made me regular in my bowels, and I intend using more of your Geneva Mineral Water. With kindest wishes, I am, yours truly,

W. W. ALLEN
"Old Homestead" Co.

WHAT THE GENEVA MINERAL WATER HAS DONE IN BUFFALO, N. Y.

Had Stone in the Kidney.

BUFFALO, May 7, 1892.

I have suffered with Stone in the Kidneys for the past six months; had the best medical treatment; was advised to use mineral water, and Bethesda was recommended by one of my physicians; I used over three cases of Bethesda, but received no benefit, the attacks came just the same. Chancing to meet a friend who had used the famous Geneva Mineral Water, I was induced to try this wonderful and singular water. After using only a single gallon I passed quite a large quantity of gravel, the Geneva Mineral Water having dissolved what the physicians and Bethesda Water had failed to do, a very large Uric Acid Calculi, so called by my physicians, who examined a part of the sample—a part I send you.

Yours truly,

J. H. SMERING.

224 Clinton St.

Had "La Grippe."

BUFFALO, July 6, 1892.

After having had a severe attack of the Grip it left me in a weak, debilitated condition. I used several remedies and got no benefit. Consulted a physician, who advised the use of Geneva Water. In a very short time after using I regained my former health, and give the Water the credit. My wife for three years was afflicted with a pain in her left side, so much so she could not sleep on that side; she used the Geneva Water liberally, and has regained her health. I consider the Geneva Mineral Water a specific for many ills.

GEO. W. ZINK,

Real Estate, 506 Prospect Ave.

Had Lumbago.

BUFFALO, June 15, 1892.

I have suffered for a long time with Lumbago, the attacks coming on; I could not stand or walk at times. I was advised to use Geneva Mineral Water by a friend. I unhesitatingly say that this water has cured me, and recommend it.

J. N. HALL.

Grocer, corner Niagara and Jersey Sts.

Had Rheumatism.

BUFFALO, June 6, 1892.

I have been afflicted with Rheumatism for several years, and learning that the Geneva Mineral Water was specific for Rheumatism, I purchased a jug of the water, and after using it for a few days only I was relieved of all pain. I can cheerfully recommend this water.

ADAM HAUCK.

Hardware, 507 Main Street.

Constipation and Irritation of the Bladder.

BUFFALO, Sept. 3, 1893.

Unsolicited, I offer this the results of the use of Geneva Mineral Spring Water in a case of Constipation, Indigestion and Chronic Irritation of the Bladder in my own family. The case was one of several years' standing, in which many of the famed mineral waters had been used without any help. The best medication afforded only temporary relief. No faith was had at the beginning of the trial, faith grew as improvement progressed, in two months time the cure was complete and remains so at this date. Persons similarly afflicted as this patient was and the world is full of them I am sure will find relief and a permanent cure if they will give the water a fair and sufficient test. I believe it to be the best all round Mineral Water in the world to-day. Sincerely yours, **ELMERE PALMER, M. D.**

Had Stomach Trouble.

BUFFALO, Sept. 12, 1893.

For several years I had Stomach and Liver Trouble, and everything I ate disagreed with me. When the Geneva Mineral Water Depot was first opened in Buffalo, in March last I secured a jug of this wonderful water, and after using it freely I obtained immediate relief. I consider myself entirely free from the above trouble, and give the Water the credit, as I took no other medicine. **C. E. BEARDSLEY,**
Cigars and Tobacco, 481 Main Street.

Had Stomach Trouble.

BUFFALO, Oct. 1, 1892.

I have used the Geneva Mineral Water quite extensively during the past winter, and found it very beneficial in cases of Stomach, Liver and Nervous Disorders. I cheerfully add my testimonial to the many others who have derived benefit from its use. Yours truly, **WELLS DYGERT.**

What Lydia Yeamans Titus Says.

BUFFALO, N. Y., August 2, 1892

The merits of your Geneva Mineral Water have been so often attested that perhaps my testimony would seem superfluous. I have for some time used it before and after singing, and its gratifying effects on the throat and vocal cords have made it quite invaluable to me. I have been accustomed to the use of all the foreign mineral waters during my sojourn abroad, and have found none to compare with its delightful purity and sparkle, and I assure you that I shall continue to use it with the highest gratification. Faithfully yours, **LYDIA YEAMANS TITUS**

Had Torpid Liver.

BUFFALO, October 10th, 1892.

I have used the Geneva Mineral Water for Torpid Liver, and find it one of the best Waters for this trouble, and I cheerfully recommend it.

Yours truly

JOHN E. CONGALTON,

Tift House.

Had Uric Acid Trouble.

BUFFALO, August 10th, 1892.

For many years I have been troubled with an accumulation of Uric Acid in the system. I secured a jug of the Geneva Mineral Water, and I am happy to say it has made a positive cure. Geneva Water is just as palatable as any ordinary pure water. I use it all times on my table.

JOHN B. SEWELL, JR.

Had Liver and Kidney Trouble.

BUFFALO, July 31, 1892.

Having been troubled with my Liver and Kidneys for many years, for which I sought medical aid, as well as having used various kinds of patent medicines and mineral waters from which I derived little or no benefit, I was induced to try Geneva Mineral Water, and dare say that it has greatly improved my health for the short time I have been using it.

I think Geneva Mineral Water the only water acting directly upon the kidneys.

Yours very respectfully,

JOSEPH F. MATT.

Leader 65th Regt. Band, 74 Best St.

The Best Mineral Water in the World.

BUFFALO, N. Y.

If my testimonial as to the benefits to be derived from the use of Geneva Mineral Water is of any value to you I most cheerfully give it.

I have drank the water for some time, and find it very beneficial to the Kidneys and Liver, and it also aids digestion. We used this water continually at Asbury Park during the time that James J. Corbett trained for his fight with John L. Sullivan. I cannot recommend it too highly, as I consider it the best mineral water in the world to-day.

Yours respectfully,

JAMES DALY

WHAT THE GENEVA MINERAL WATER HAS DONE IN CLEVELAND, OHIO.

Had Rheumatism.

CLEVELAND, OHIO, May 24, 1893.

I have suffered greatly from Rheumatism for years. Since last Christmas I have not been able to walk without crutches and most of the time I have been confined to my bed. Three weeks ago I commenced using the Geneva Mineral Water, I have not taken any medicine since and I am pleased to say I can now walk without crutch or cane. I consider it the finest Mineral Water I ever used and I have used a great many different kinds and can cheerfully recommend it to all who are troubled with Rheumatism.

Yours very truly,

J. F. SHORT.

Had Rheumatism.

CANTON, OHIO, May 5, 1893.

Please ship by fast freight to C. F. SIMONDS, 359 East Main St., Lexington, Ky., one case Geneva Mineral Water and send bill to me, he tried some of the water you sent me and liked it so well he wanted some, the cure it wrought on me was wonderful, I was in bed with Rheumatism all last week and this week I never felt better in my life, threw all the medicine away. Last week Thursday I had three doctors with me the water came that night and I have not taken any medicine since.

Respectfully,

J. A. SIMONDS.

CANTON, OHIO, May 2d, 1893.

Please send me two jugs of the Geneva Mineral Water one is for Dr. Rukensbrader who was waiting on me and saw how quick it cured me and wants to try it himself please send me one case of bottled water also.

Respectfully,

J. A. SIMONDS.

Had Bladder Trouble.

CLEVELAND, OHIO, May 4th, 1893.

For the past six years, I have suffered from Irritable Bladder and Prostatic trouble, have been treated by some of the best physicians and tried about all the different Liddia waters with but slight relief. About a month ago, I began using the Geneva Mineral Waters and experienced an improved condition after drinking one gallon. I have been drinking it ever since and feel that I am getting well.

Yours truly,

A. M. SIMMONS, Manager Cleveland Car Service Ass'n.

Had Kidney Trouble.

CLEVELAND, OHIO, May 2d, 1893.

I commenced using the Geneva Mineral Water in Cincinnati before your Cleveland agency was established and used it for Kidney and Bladder Trouble and find it has made me a sound man again and I cheerfully recommend it to all who are suffering from like troubles, as a gentle laxative it beats the world.

Yours truly,
E. L. PATTERSON.

Had Uric Acid Stone.

CLEVELAND, OHIO, January 20, 1894.

I deem it my duty to testify to the merits of the Geneva Mineral Water. It has done for me in five days what doctors and medicines failed to do in that many months. I suffered greatly from Rheumatism, due to an excess of uric acid in my system. My one foot especially would swell up and pain intensely. I drank the Geneva Water freely, and also applied it to my foot, and behold the swelling went down and the pain ceased as if by magic. My physician told me that it was the nerves and nothing else, but Geneva Water proved to me that there was an obstruction in the blood, or uric acid crystals which kept the blood from circulating freely; but since drinking this water I am getting well.

I also passed a stone which you now have in your possession, which indeed, is wonderful; and you are at liberty at any time to use my name in reference to the merits of the Geneva Mineral Water.

Yours truly,

CHRISTIAN GOFFING, 217 Bridge Street.

CLEVELAND, OHIO, May 10, 1893.

While in New York, through friends I was informed of the merits of the Geneva Mineral Water. The statements made to me seemed almost impossible, however I decided to give it a trial. Having personally received marked benefits from its use and also seen its effects upon personal friends of mine in this City. I can endorse the Geneva Mineral Water with a great deal of pleasure. It in my opinion is far superior to any other mineral water I am acquainted with and I have used them for years.

Respectfully,

W. D. FOLSOM.

MAYOR'S OFFICE, FRANK V. FLINN, MAYOR.

TROY, OHIO, February 7th, 1893.

Allow me to express my appreciation of your Geneva Mineral Water. I have used the same for Stomach Trouble and it has done wonders for me. Previous to the using of your Mineral Water, I had doctored for 14 years. My little daughter, 14 months old suffered from Indigestion and was cured in three days. It is the best tonic I have ever used and one cannot recommend the Geneva Mineral Water too highly.

Very respectfully yours,

F. V. FLINN.

WHAT THE GENEVA MINERAL WATER HAS DONE IN PHILADELPHIA, PA.

Had Gravel.

PHILADELPHIA, July 11, 1893.

It affords me much pleasure in testifying to the remarkable curative properties of the Geneva Mineral Water. I was a great sufferer from Gravel and found no relief in any treatment that I had taken. I was confined to my bed when I started to use this Water, and after taking six bottles I was able to be about, and now feel as well as I ever did. I shall ever feel thankful to you for calling the Water to my notice.

JAMES GILMORE,
310 S. 10th St.

Had Diabetes.

PHILADELPHIA, July 20, 1893.

I have been drinking the Geneva Mineral Water for two months, with the best results in Diabetes trouble, and can not recommend it too highly to any one troubled in that way.

Respectfully,
JOHN STILZ,
919 Chestnut St.

Had Dyspepsia.

PHILADELPHIA, July 10, 1893.

For a long time I was a sufferer from Indigestion and Dyspepsia, feeling constantly tired and worn out. A trial of Geneva Mineral Water convinced me of its merits, for I am now free from all my trouble, and feel excellent at all times.

Very truly yours,
WM. W. COCKER,
Frankford.

Had Kidney Trouble.

PHILADELPHIA, July 14, 1893.

I take great pleasure in testifying to the good results I have obtained from the use of the Geneva Mineral Water. I had been for a long time a sufferer from Indigestion, Renal Kidney and Liver Trouble, also a loss of appetite. Since drinking the Geneva Mineral Water, that tired feeling upon rising in the morning has left me, and my appetite has greatly improved, so much so that I have gained fifteen pounds, which is very unusual at this season, as I always lost in weight. I heartily endorse the Geneva Mineral Water in all the above troubles, for I am sure it will prove beneficial.

Respectfully yours,
F. D. HARVEY,
1827 and 1830 Frankford Ave.

Had Diabetes.

PHILADELPHIA, Nov. 14, 1893.

I have been using the Geneva Mineral Water for "Diabetes," and find it an excellent remedy, and can say that it is doing me a great deal of good. You are welcome to use my name if you wish.

Respectfully yours,

JOHN NETTER, 2033 N. 19th Street.

Had Gravel.

PHILADELPHIA, Nov. 18, 1893.

It is with pleasure I can give my quota of praise to the beneficial results obtained by the use of the Geneva Mineral Water, after suffering untold agony for four days I was advised to try the Geneva Water and as a result after using the water five hours I passed the gravel almost painless. I think it essential to state the last two glasses were taken hot, hoping this testimony will direct the attention of sufferers like myself to the benefits that can be derived from this article.

MRS. L. ROUSEL,

1820 Fairmount Avenue.

PHILADELPHIA, Nov. 13, 1893.

I have used the Geneva Mineral Water with good results. I think it very superior as a stomachic and in my opinion would be beneficial to the general health of any one using it.

Yours truly, J. L. CARNCROSS, 2033 Mt. Vernon Street.

PHILADELPHIA, Nov. 13, 1893.

I can conscientiously recommend Geneva Mineral Water as a pure and healthful water. Drank freely before retiring at night and upon rising in the morning it keeps the system in perfect order abolishing the use of cathartics, etc.

Yours respectfully
W. HAMPSON, 1939 N. 7th Street.

PHILADELPHIA, July 15, 1893.

I can assert with great positiveness, that of all the natural Mineral Spring Waters which I have used in large quantities during the past few years, none of them has given the regular benefits which I have certainly received from your Geneva.

In these times when it has been demonstrated by the best authorities that so many of the chronic diseases to which flesh is heir can be directly attributed to the impurities to be found in the drinking waters of both city and country, it would seem as if the cheapest medium is that which prevents disease, in preference to doctors' and undertakers' bills, when the disease has once been contracted!

It is with great pleasure that I write the above.

With respect, yours,

CHAS. A. DIXON.

Editor Leisure Hours, 908 Arch street.

PHILADELPHIA, July 22, 1893.

I am pleased to say of Geneva Mineral Water, that it equals any I have used. From those who I know have used it longer than myself, I hear only the highest commendations.

Yours,

A. W. TAYLOR, 3805 Walnut street.

WHAT THE GENEVA MINERAL WATER HAS DONE IN LOUISVILLE, KENTUCKY.

Inflammation of the Bladder.

LOUISVILLE, Ky., July 21, 1892.

I take great pleasure in stating that I have used the Geneva Mineral Water personally and have had opportunity to make a clinical study of its effects. Its action in diseases of the Kidneys and Bladder is wonderfully prompt and satisfactory. A case of well marked acute Cystitis treated with Geneva Mineral Water alone promptly yielded to this treatment which relieved all pain within forty eight hours, notwithstanding the fact that the patient was obliged to be on his feet a large part of the time. I have reason to think it equally effective in other Kidney and Bladder Troubles and I do not doubt its value in other diseases.

Respectfully,

E. A. GRANT, M. D.

Had Sciatica.

LOUISVILLE, Ky., July 21, 1892.

During a severe attack recently of Sciatic Rheumatism I used Geneva Mineral Water freely, and can testify that it assisted in giving me the greatest relief as it acted directly upon the kidneys and otherwise tended to purify the blood. I cheerfully commend it for all that it claims.

Sincerely,

CHAS. W. GERMAN,

Manager Falls City Lith Co. Louisville, Ky.

Had Bladder Trouble and Rheumatism.

LOUISVILLE, Ky. September 1, 1892.

My wife and myself have been so much benefited by the Geneva Mineral Water. I feel you are entitled to an expression of my belief in its being superior to any water in this country or Europe. This is the first summer in many years I have been able to remain at home. Geneva Mineral Water has cured me and I consider it the cheapest and most beneficial summer I ever had.

My wife has been under the care of physicians for several years and summer trips were a necessity for her.

Since using the Geneva Mineral Water, we have had no occasion to call in a doctor. My wife has never before been so well, and she has enjoyed being able to pass a summer at her own home.

CAPT. JOHN T. TAYLOR, 841 Franklin Ave

Had Kidney and Liver Trouble.

LOUISVILLE, Ky., August 23, 1892.

I find Geneva Mineral Water will cure Kidney Trouble with promptness, and as a natural cure I think it has no equal. Its effects upon a Torpid Liver is immediate relief. Having used it constantly in my family for five months I can speak from experience.

Supt. Prudential Insurance Co.

L. C. DAVIS

Constipation and Indigestion.

LOUISVILLE, Ky., June 1, 1892.

I have been troubled with Stomach Disorders and Constipation for several years and have been obliged to resort to pills for temporary relief. In the two months I have been drinking your Geneva Mineral Water it has entirely relieved all stomach trouble and freed me from Chronic Constipation. I have not taken a pill since I began using the Water. The result is a gain of 15 pounds in weight and an improvement in my general health. Wishing you the success the Water merits, I am

F. W. KEISKER & SON.

Yours truly,

FRED. W. KEISKER, JR.

Kidney Disease.

LOUISVILLE, Ky., August 30, 1892.

Within the last six months several physicians gave me up as a hopeless case and announced that I had an incurable Kidney Disease. I used various patent medicines but only had temporary relief. Your famous Geneva Mineral Water was highly recommended to me, and in desperation I tried it. Three months of its use has made me almost a well man, and I feel confident that three months more of its use will effect a complete cure.

Respectfully,

JERE HEILMAN.

Rheumatism.

LOUISVILLE, Ky., July 20, 1892.

I have received so much benefit from the use of your Geneva Mineral Water, that I desire to add my testimonial. I have been a sufferer from Rheumatism for years, and when I began to drink your Geneva Mineral Water I could not raise my arm to my head. In the two months use I have been freed from all rheumatic pains and soreness, and can use my arms freely. In this time I have taken no other medicine or remedy, and can therefore attribute my cure exclusively to your water. Wishing you continued success, I am,

Yours truly,

JOHN McDONALD.

Gravel and Digestive Organs.

LOUISVILLE, Ky., July 14, 1892.

When I commenced drinking your water six weeks ago, my health was almost gone. I had Stone of the Bladder, and passed them as large as a pea. I had Chronic Constipation, Indigestion, and Stomach Trouble. To put the whole in a nut shell, I was a perfect wreck. I have been drinking the water for six weeks with the greatest benefit, and have not the least doubt that in six more weeks I will be a well man. Wishing you a great return from your valuable water, I remain,

Yours truly,

G. L. HERR,

Real Estate, 386 West Main.

WHAT THE GENEVA MINERAL WATER DID IN ST. PAUL, MINN.

Had Indigestion.

ST. PAUL, Minn.

I have been using the Geneva Mineral Water for the past four months and can heartily recommend it for its digestive properties. It will digest and causes sleep.

DANIEL H. MOON,

Of Allen, Moon & Co., Wholesale Grocers.

Had Insomnia.

ST. PAUL, Minn.

I have been greatly benefited by the use of Geneva Mineral Water. I have suffered for years from Chronic Indigestion and Insomnia. I have tried hundreds of so called remedies without success, but since using this water I am very much improved, and I honestly believe in the road to full recovery.

GLEN M. D. FLOWER

President Union Stock Yards Co.

Had Constipation.

ST. PAUL, Minn.

I have for the past two months been using the Geneva Mineral Water for Indigestion and Constipation. Its effects have been very beneficial and have manifested itself by an increase of appetite and a general toning up of the system. One or two glasses before retiring produces a sound and undisturbed sleep. It also acts on the Kidneys as a diuretic and is valuable for Constipation, being a gentle laxative. I can cheerfully recommend it to those suffering from Indigestion and Kidney Troubles, believing from my experience that its curative effects will be prompt and lasting.

GEO. S. HERON,

Real Estate 45 National & A Bank Building

Kidney Trouble.

ST. PAUL, Minn.

I have much pleasure in recommending your Geneva Mineral Water to the public as a reliable tonic and alternative and especially beneficial in Kidney Trouble. I have been using it for the last two months and have realized much benefit from it.

L. HAYWARD,

Standard Accident and Life Insurance Co., 108 Germania Life Bldg

Had Indigestion.

ST. PAUL, MINN.

For the past three months or more I have been using quite freely the Geneva Mineral Water, and have found it more positive and beneficial in its effects than any other within my knowledge. These effects have manifested themselves in an increase of appetite, an improvement in the digestion and in securing sound and refreshing sleep. It seems to act also upon the secretions, and to give greater freedom to the circulation. A single glass taken before breakfast produces the same results apparently as a bottle of Congress Water. I cheerfully recommend it to all who are suffering with Indigestion or with affections of the Liver and Kidneys and Rheumatic Complaints, believing that its use will prove of prompt and lasting benefit.

PROF. W. F. PHELPS,

Secretary St. Paul Industrial Bureau.

Had Inflammation of Bladder.

ST. PAUL, MINN.

I have been using the Geneva Mineral Water for about four months for Inflammation of the Bladder with very decided success. I had previously spent a great deal of money with different physicians with apparently no relief. Dr. Frank Powell, who had been treating me for some time, recommended that I should try Geneva Mineral Water. I commenced using it about June 1, 1892, and after drinking it only a short time I began to feel a change for the better, and in fact, like a different man, as I was greatly relieved from the torture I had been suffering. I shall recommend it to all who within my knowledge are suffering.

H. A. DODD,

Salesman, Beattie, Keogh & Davis, Wholesale Grocers.

Had Indigestion.

ST. PAUL, MINN.

I am pleased to respond to your request for my opinion as to the merits of the Geneva Mineral Water. Three weeks' liberal use of it resulted in marked beneficial effects in my case by curing a stubborn case of Indigestion, from which I had been suffering for several months. I have the utmost confidence that it will approximate the results claimed for it more nearly than most of the Mineral Waters now in use.

Geneva Mineral Spring Water.

The Geneva Mineral Water contains 240 grains of mineral to the gallon. The best of other mineral waters contains only 35 grains of mineral. Geneva Mineral Water is one of the very few waters that contains no organic matter, and whose properties are in perfect solution. Authorities say there is no known mineral spring that has the medicinal qualities of the Geneva Mineral Spring, and this water is worth more as a curative of all diseases that the human being is heir to than all other mineral waters combined.

Analysis of the Geneva Mineral Spring Water.

Geneva Mineral Spring Water contains Phosphoric Acid, Chloride Sodium, Sulphate Soda, Sulphate Magnesia, Carbonate and Sulphate Lime, Bi-Carbonate and Sulphate of Lithia, Iron, Chloride of Potassium, Carbonate of Soda, Sulphate Alumina, Carbonate Magnesia. No organic matter.

NOTE :-If the trouble arises from any Kidney difficulties it will at first act very freely on the Urinary Organs, and if from Constipation or other bowel affections will be found a mild cathartic without any griping pains. The Geneva Mineral Water can be drank freely with good results.

Unlike other waters, as an external application it relieves pain, especially that from Neuralgia and Rheumatism. The patient should drink the water freely and apply heated with a sponge or compress, which will soon afford relief. For Eczema, Salt Rheum and Skin Disease, drink freely and wash with the Water.

SPECIAL INSTRUCTIONS.

To those who are using, or contemplate using the **Geneva Mineral Water**, we would say, unless you intend to **follow the directions**, as given, do not purchase this Water, as it will do you no good, and we do not want your money. But if you are willing to follow the directions and **use the Water as we direct**, there is no question as to your getting results, and **you will get them quickly**. It is **no experiment** with the Geneva Water, but positive results, as this Company have offices and depots in all the leading cities of the United States, and there is not a single person who can come forward and say that the Geneva Water has not **worked wonders** where **HE** or **SHE** has followed the directions how to use. We have testimonials by the thousand from cases of different troubles which have been **cured**; and we have also letters from the **very best physicians** all over the country who have prescribed this wonderful Water with marvellous results.

the Geneva - - - - - - Mineral Water.

STRONGEST NATURAL LITHIA WATER.

*A sovereign remedy for Kidney, Bladder and
Liver Trouble, Indigestion, Gout, Rheu-
matism and all Uric Acid Troubles,
and will positively dissolve Stone
in the Bladder.*

➤ CAUTION

Don't be deceived by imitators or the man who has "some-thing" "just as good." The GENEVA MINERAL WATER has won a reputation on its merits from ocean to ocean, and made more positive cures than all other mineral waters combined.

Take no other water for the GENEVA MINERAL WATER, no matter how well recommended, or what inducements are offered.

Follow the directions and get immediate results.
